AND FURTHER THAT the 2020 audited draft Financial Statements, and Financial Information Return be approved as presented and forwarded to Council for approval;

AND FURTHER THAT the 2020 Management Discussion and Analysis be received as information;

AND FURTHER THAT the 2020 audit findings report be received as information and forwarded to Council for information.

KEY POINTS:

The following are key points for consideration with respect to this report:

- The draft statements presented for approval will be published under an annual financial report which will include the Town's consolidated financial statements, and separate financial statements for the Halton Hills Public Library, the Acton Business Improvement Area, the Georgetown Central Business Improvement Area and the Halton Hills Community Energy Corporation (HHCEC).

BACKGROUND AND DISCUSSION:

This report is presented in order to provide General Committee with an overview of the 2020 Financial Statements, and Financial Information Return (FIR). The Financial Statements have been prepared by staff in accordance with Canadian Public Sector Accounting Standards for local governments as recommended and established by the Public Sector Accounting Board (PSAB) of the Chartered Professional Accountants of Canada. These statements have been audited by the Town's external auditors KPMG LLP, who have provided an audit findings report.

Approval is requested from Committee for the audited draft 2020 Financial Statements and FIR. As in other years, it will be presented to Council following the General Committee Meeting.

In addition, a Management Discussion and Analysis is also included to provide the Committee with a narrative to accompany the draft financial statements.

The attached financial statements (Appendix A) are presented in draft format and will be finalized pending Council approval on July 5, 2021. The statements consist of:

- Consolidated draft Financial Statements of the Town including the Halton Hills Public Library, the Acton Business Improvement Area, the Georgetown Central Business Improvement Area and Investment in Halton Hills Community Energy Corp. (HHCEC)
- Draft Trust Fund Statements administered by the Town
- Financial Information Return (FIR)

The Municipal Act, 2001, S.O.2001, c25 as amended, specifically states that each municipality will annually report on its financial affairs, accounts and transactions. This information is collated and filed through the Financial Information Return (FIR). The over-arching purpose of the FIR is to gather specified information on the finances of municipalities across Ontario, which is then stored on the Ministry of Municipal Affairs and Housing server. The data is publicly available on the Ministry's website. It is used by the Ministries for policy development, evaluation and monitoring. Other users include the Local Planning Appeal Tribunal, municipalities, municipal associations, Statistics Canada, other provinces, the investment and banking communities, debenture holders, the academic community, consultants and others interested in the municipal sector.

The Management Discussion and Analysis (MD&A) (Appendix B) is a narrative prepared by the Treasurer and staff to supplement the 2020 financial results. An MD&A is an audited document which is intended to supply the reader of the financial statements with a balanced commentary of the Town's financial performance, systems, controls, legal compliance, financial position and financial condition. It also highlights forward-looking information and any future impact on the Town.

The audit findings report (Appendix C) is presented to Committee following the completion of the Town's audit each year. It outlines the audit risks associated with any findings that might have arisen throughout the course of the audit. It also provides an

overview of KPMG's approach to audit quality and risk management alongside information on any upcoming regulatory developments pertaining to the Town.

STRATEGIC PLAN ALIGNMENT:

This report aligns to the Town's Strategic plan recognizing the value to provide responsive, effective municipal government and strong leadership in the effective and efficient delivery of municipal services.

This report also identifies fiscal and corporate management as one of the Town's Strategic priorities.

RELATIONSHIP TO CLIMATE CHANGE:

This report is administrative in nature and does not directly impact or address climate change and the Town's Net Zero target.
