**CARRIED**

Council reconvened in Open Session at 3:03 p.m.

### **4. NATIONAL ANTHEM**

### **5. LAND ACKNOWLEDGMENT**

We would like to begin by acknowledging that the land on which we gather is part of the Treaty lands and Territory of the Mississaugas of the Credit.

## **6. ANNOUNCEMENTS**

### **6.1 Flags flown at half-mast**

Mayor R. Bonnette announced that the flags across the Town facilities will continue to be flown at half-mast until further notice. We have joined communities across Canada in mourning the 751 children whose remains were recently found in unmarked children's graves at the site of the former Marieval Indian Residential School in Cowessess First Nation, Saskatchewan. We must recognize the truth of the atrocities that happened in residential schools in our country and the ongoing pain experienced by the survivors, families and communities; and come together to support the Indigenous members of our community and educate ourselves and our families on this shameful chapter in our history. The Halton Hills Public Libraries in Georgetown and Acton have begun a display of colourful ribbons, in recognition of ribbon skirts that honour First Nations' heritage, resiliency and historical causes. Orange ribbons will be installed at the Gellert Community Centre and signage at other Town facilities. Residents are invited to contribute to the display by adding their own ribbons. A list of resources has been compiled on the Town's website as well to help support learning and discussion with friends and family. This is a time of profound sadness and mourning, and only through knowledge and discussion can we ensure a better future for all our communities.

## APPENDIX A

### **PUBLIC MEETING-2021-0006**

**July 5, 2021**

### **D09OPA21.001 & D14ZBA21.007 – 47 Maria Street (Acton)**

Minutes of the Public Meeting held on Monday, July 5, 2021, 6:02 p.m., in the Council Chambers, Town of Halton Hills and Via Zoom.

Mayor R. Bonnette chaired the meeting.

Mayor R. Bonnette advised the following:

The purpose of this Public Meeting is to inform and provide the public with the opportunity to ask questions or to express views with respect to the development proposal. The Councillors are here to observe and listen to your comments; however, they will not make any decisions this evening.

As the Chair, I am informing you that when Council makes a decision, should you disagree with that decision, the Planning Act provides you with an opportunity to appeal the decision to the Ontario Land Tribunal for a hearing, subject to Tribunal validation of your appeal. Please note that if a person or public body does not make oral submissions at a public meeting or written submissions to the Town of Halton Hills before the decision is made, the person or public body is not entitled to appeal the decision of the Town of Halton Hills to the Ontario Land Tribunal. In addition, if a person or public body does not make oral submission at a public meeting, or make written comments to the Town of Halton Hills before the decision is made the person or public body may not be added as a party to the hearing of an appeal before the Ontario Land Tribunal, unless, in the opinion of the Tribunal, there are reasonable grounds to do so. You may wish to talk to Planning staff regarding further information on the appeal process.

The Planning Act requires that at least one Public Meeting be held for each development proposal and that every person in attendance shall be given an opportunity to make representations in respect of the proposal.

The format of this Public Meeting is as follows:

- The Town will generally explain the purpose and details of the applications;

- Next, the applicant will present any further relevant information, following which the public can obtain clarification, ask questions and express their views on the proposal.

The applicant and staff will attempt to answer questions or respond to concerns this evening. If this is not possible, the applicant and/or staff will follow up and obtain this information. Responses will be provided when this matter is brought forward and evaluated by Council at a later date.

## **SPECIFIC PROPOSAL**

This Public Meeting involves an application by Support House to amend the Town of Halton Hills Official Plan and Zoning By-law 2010-0050, to permit the development of a 2-storey, 12-unit affordable community housing building at 47 Maria Street (Acton).

## **TOWN'S OPPORTUNITY**

The Chair called upon the Town's representative, John McMulkin, Planner - Development Review to come forward to explain the proposal.

J. McMulkin provided an overview of the proposed Official Plan and Zoning By-law Amendments to permit a 2-storey, 12-unit affordable community housing building at 47 Maria Street (Acton).

## **APPLICANT'S OPPORTUNITY**

The Chair called upon the applicant Paul Gregory, Executive Director – Support House and Tim Welch, Principal – Tim Welch Consulting Inc. to provide further information and details on the proposal.

## **PUBLIC'S OPPORTUNITY**

The Chair asked if there were any persons online that have questions, require further clarification or information or wish to present their views on the proposal to come forward.

The following persons provided comments and asked questions:

**Penny McCabe, 43 Maria Street**

P. McCabe spoke in support of this project.

**Lisa Kamadowski, 128 Church Street**

L. Kamadowski raised concern about the lot being too small for this project and the lack of transportation options available.

**Darryl Koe, 127 Crescent Street**

D. Koe inquired about what the actual dollar amount is per unit that a resident would be required to pay monthly. Christina Jabalee of Support House answered that the rent is based on what a resident's actual income is to be deemed as affordable. D. Coe raised concern about employment and transportation options.

**Dave Royce, 4 Fairview Avenue**

D. Royce raised concern of the number of units that are being proposed. Tim Welch of Tim Welch Consulting Inc. noted that there is a need for supportive housing in the community and Support House is trying to accommodate that and noted that having 12 units can help with the affordability. J. McMulkin advised that the current zoning only allows for single attached and Type 1 Group Homes which allows for 6-10 rooms in one house-keeping unit which makes the zoning by-law amendment a requirement to create independent living areas.

**Crysta M'Keown, 129 Crescent Street**

C. M'Keown inquired if the proposal is being classified as medium density. J. McMulkin advised that it is medium density in order to permit an apartment building that is less than four stories in height, however the density is capped at 50 units per hectare in the medium density residential area designation and so the need to increase that to 102 units per hectare is the one site specific policy that the applicant would need to seek relief from, from the medium residential area designation. C. M'Keown asked if that would allow for future expansion without another amendment. J. McMulkin advised that it would not, the building would be capped at the 2 stories and 12 units.

C. M'Keown asked for clarification on how often staff would be on site. Christina Jabalee of Support House advised that it is not staffed 24/7 currently however in the future they would have a staff member 24/7 on site.

C. M'Keown advised concern for safety and inquired how many residents are currently in the house. Christina Jabalee of Support House confirmed that there are not 5 residents in the house, but they are close to capacity.

**Scott Foster, 170 Poplar Avenue**

S. Foster raised concern of safety and security of neighbourhood in regards to traffic and personal security.

**Jean, Crescent/Poplar area**

Jean raised concern of the issue of parking as there will be an increase of cars from the Support House with residents, visitors, and staff. Jean also raised concern of employment opportunities in Acton for residents of the Support House.

**Julia McGillivray, 135 Crescent Street**

J. McGillivray inquired about the sidewalk and space on the existing lot to build a larger building. J. McGillivray would like clarification on whether the sidewalk will be one that the Town would maintain or a walkway that would be part of the building. J. McGillivray raised concern of having only six parking spaces for the building. Tim Welch of Tim Welch Consulting Inc. advised that if it was a group home with shared accommodation then 10 units could be acceptable but Support House would like it to be self contained apartments, he advised that it was his understanding that it would be a public sidewalk. J. McMulkin advised that the sidewalk is proposed to be on Town lands so it does need to meet Town standards.

**Shannon Hayes, 98 Crescent Street**

S. Hayes inquired about the 24/7 on-site staff for the new unit as there have been multiple occurrences in the night from residents of this property. S. Hayes asked for clarification on the type of training that these staff members would have. Paul Gregory of Support House advised that all staff are equipped for crisis intervention and mental health first aid and that if there are any issues residents can contact Support House.

**Justin Faiola, 138 Poplar Avenue**

J. Faiola asked for clarification on general upkeep on the property and how it will be maintained. Paul Gregory of Support House advised that residents will be helping out and contractors will be used for any other necessary maintenance. J. Faiola asked if there is a process in place if residents in the area feel that the maintenance standards need to improve. Paul Gregory of Support House advised that you can visit the Support House website for a phone number or email address to contact Support House and a response will be given within 48 hours.

**Geoffrey Biss, 104 Poplar Avenue**

G. Biss asked for statistics on how often police are called to the facility. Christina Jabalee of Support House advised that there had been more frequent calls in the past but there has been a lot of work going into the house to decrease this. Over the last couple of years, police visits to the property have been reduced to 10% of what it was.

**Katrina, 47 Maria Street**

Katrina spoke as a current resident of 47 Maria Street to advise that there have not been any police visits to the property in the last 4 months and that she is planning on moving out in September to go to university.

**FINAL COMMENT FROM STAFF**

The Chair asked if there was any further information which Town Staff wished to provide prior to the conclusion of the meeting.

Staff had nothing further to add.

**CONCLUSION OF MEETING**

The Chair declared the Public Meeting closed. Council will take no action on this proposal tonight. Staff will be reporting at a later date with a recommendation for Council's consideration.

If you wish to receive further information regarding this proposal please contact the Planner, John McMulkin, following the meeting.

The meeting adjourned at 7:29 p.m.
