**Which section(s) of the Fence By-law are you seeking relief from?**

**4(2), the height provision.**

**All communications will be sent to the agent, if applicable, unless otherwise requested.**

**What is the nature and extent of relief that you are seeking?**

We have a 2nd level deck due to walk out basement. There is no privacy since 5 homes back our side.

We put up a privacy screen on the one side of our deck with wooden slats that open and close (like californa shutters). We are told

it is considered a fence and need to remove the slats (but can keep structure with curtains for privacy). We are asking to keep slats.

**Why is it not possible to comply with the provisions of the Fence By-law?**

We could put up a curtain or roller blinds that we have closed most of the time.

However, it won't be as durable with the wind or look as nice as the wooden slats.
