TRANSPORTATION AND PUBLIC
WORKS

REPORT NO. TPW-2022-0020

Thank you
for the
recommended
actions

- Since 2021, the GWCA has been working on a 'whole of concept' traffic report
- Speeding is the top issue
- Others are:
 - Noise from trucks, joy riders
 - Ill-used stop signs
 - Traffic congestion at the school
 - Parking

Going Forward

GWCA is particularly interested in the evidence for this report (other than resident input)

We want to know what data shows these are the best places to put speed bumps and what evidence will be sought to indicate they are working as intended

We hope to make use of the data for our own whole of concept report

The GWCA looks forward to working more closely with town staff to help generate more innovative solutions
