

Gellert Park Expansion - 3 Concepts Survey

SURVEY RESPONSE REPORT

01 March 2023 - 09 May 2023

PROJECT NAME:

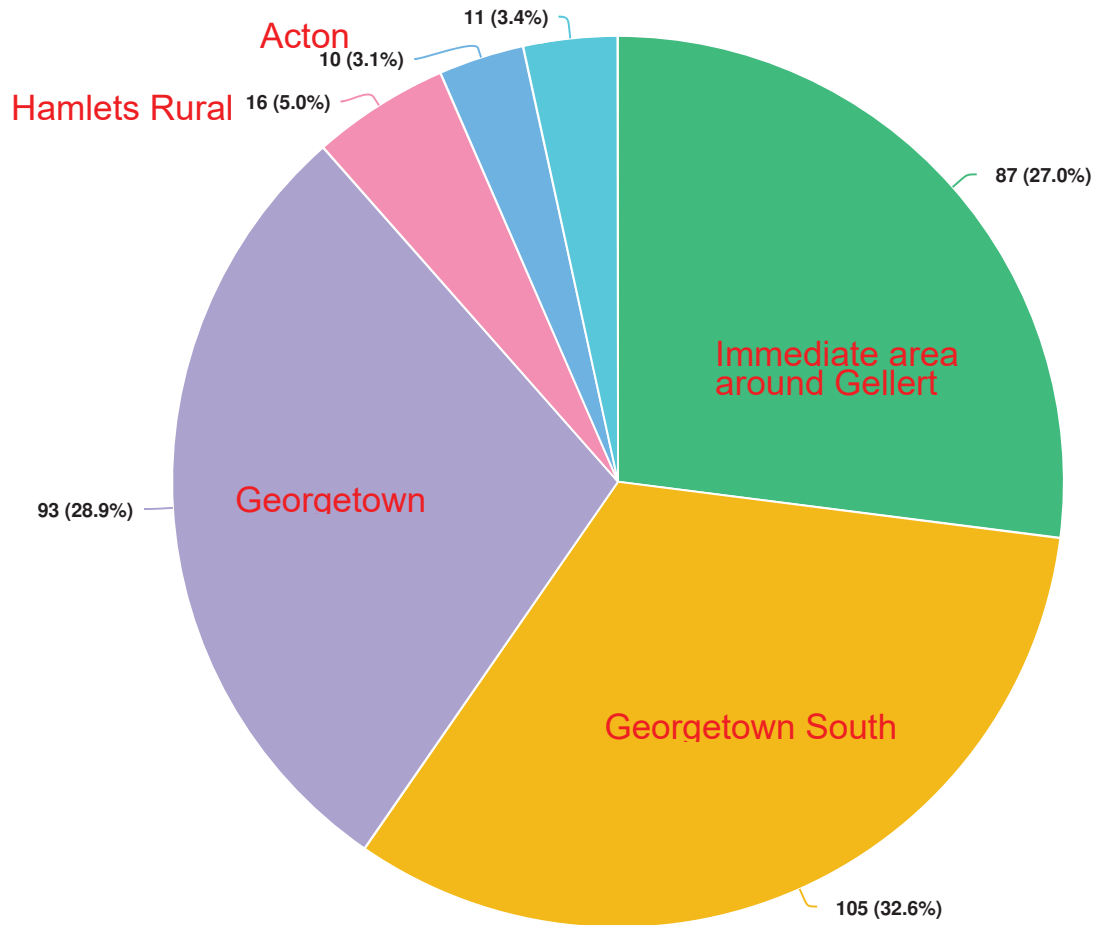

Gellert Community Park Expansion

CHARTS & GRAPHS ONLY

SURVEY QUESTIONS

Q1 | Where do you live? (Choose the option that best describes location.)

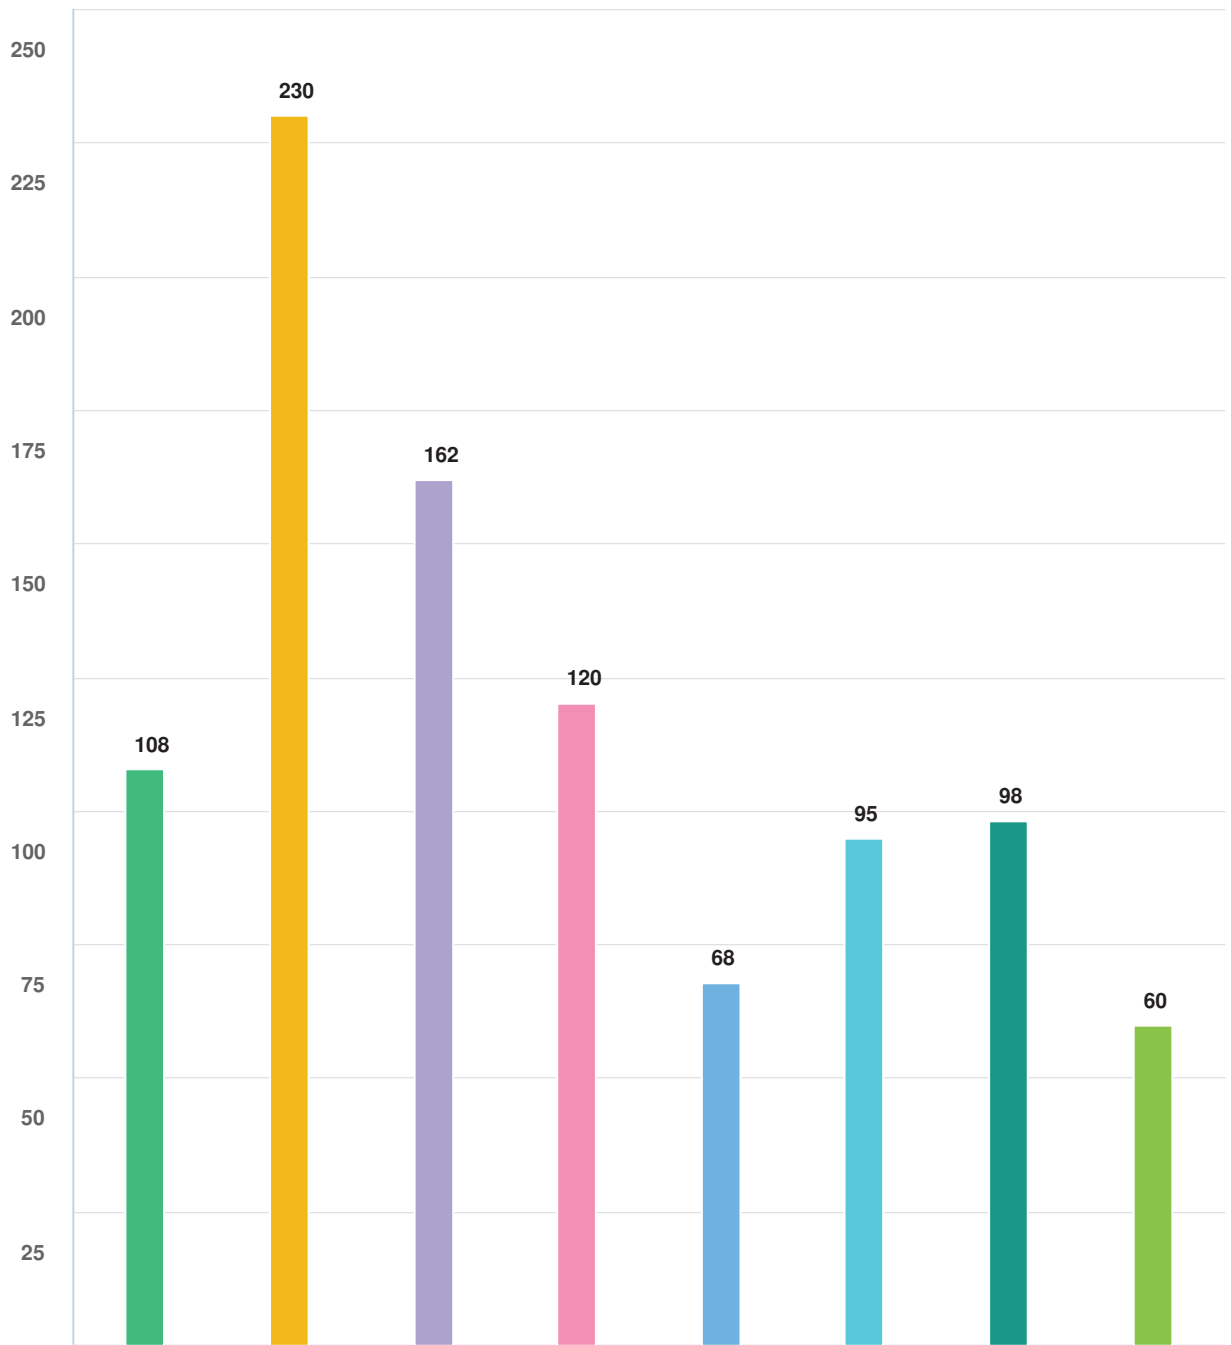

Question options

- Immediate area around Gellert Community Park
- Georgetown South
- Georgetown
- Hamlets and Rural Halton Hills
- Acton
- Other (please specify)

Optional question (322 response(s), 0 skipped)
Question type: Radio Button Question

Q2 What are your main reasons for going to this park? (Check all that apply.)

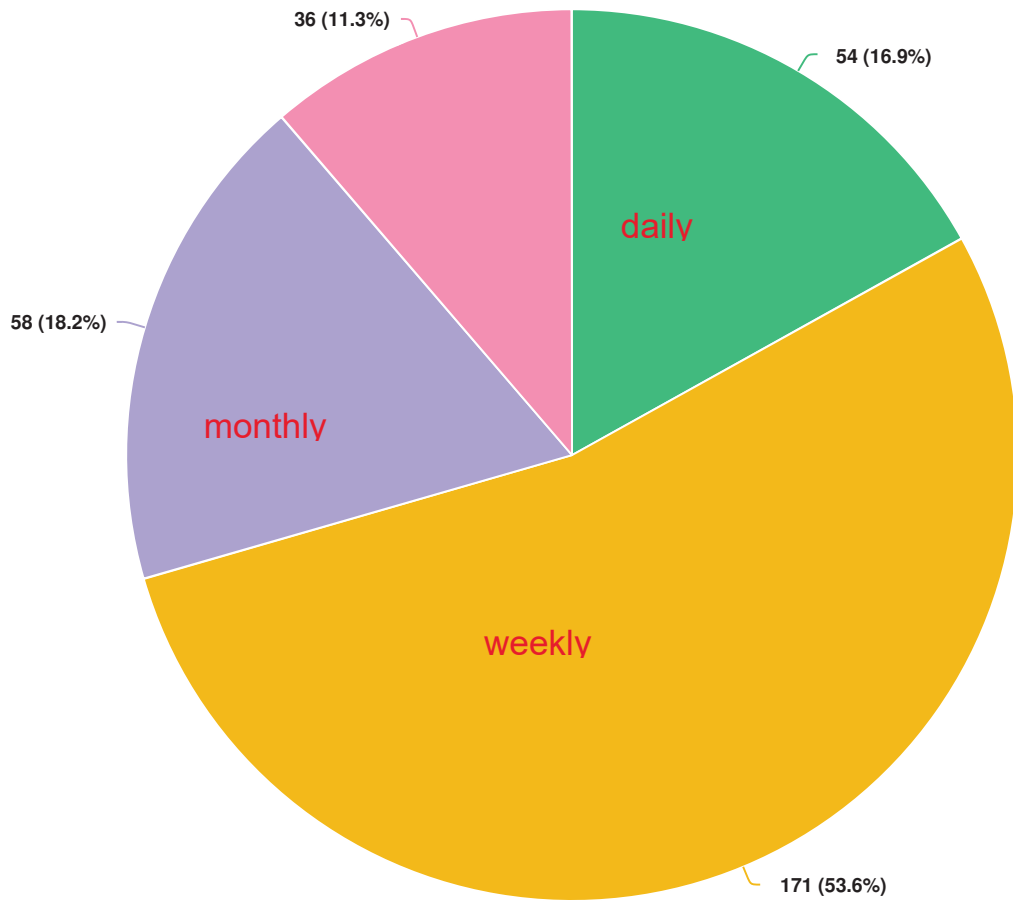

Question options

- Organized field sports (baseball, soccer, rugby)
- Walking on pathways
- Playground
- Splashpad
- Skatepark
- Tennis
- Relaxing
- Other (please specify)

Optional question (320 response(s), 2 skipped)

Question type: Checkbox Question

Q3 How often do you use the Gellert Community Park?

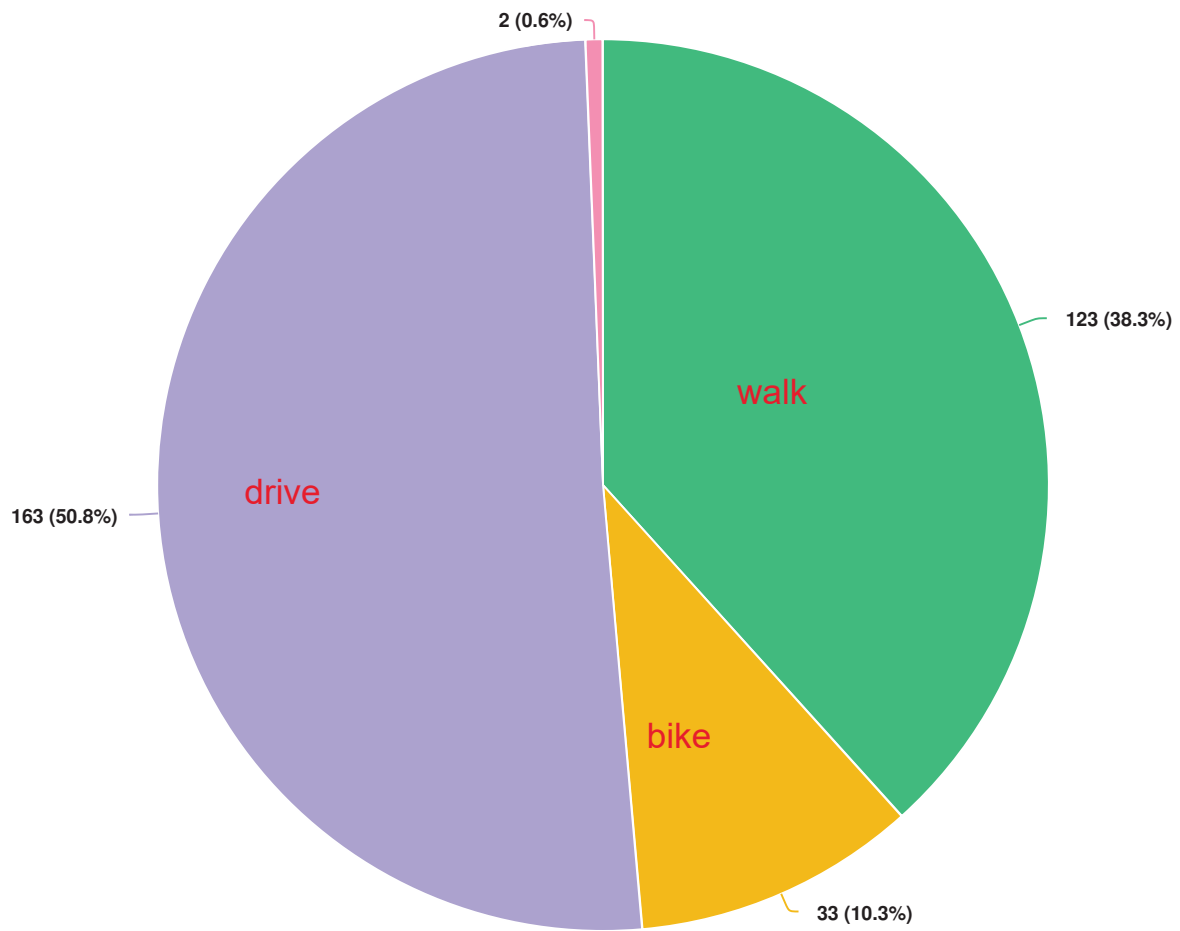

Question options

- Daily
- Weekly
- Monthly
- Other (please specify)

Optional question (319 response(s), 3 skipped)

Question type: Radio Button Question

Q4 How do you typically get to the park?

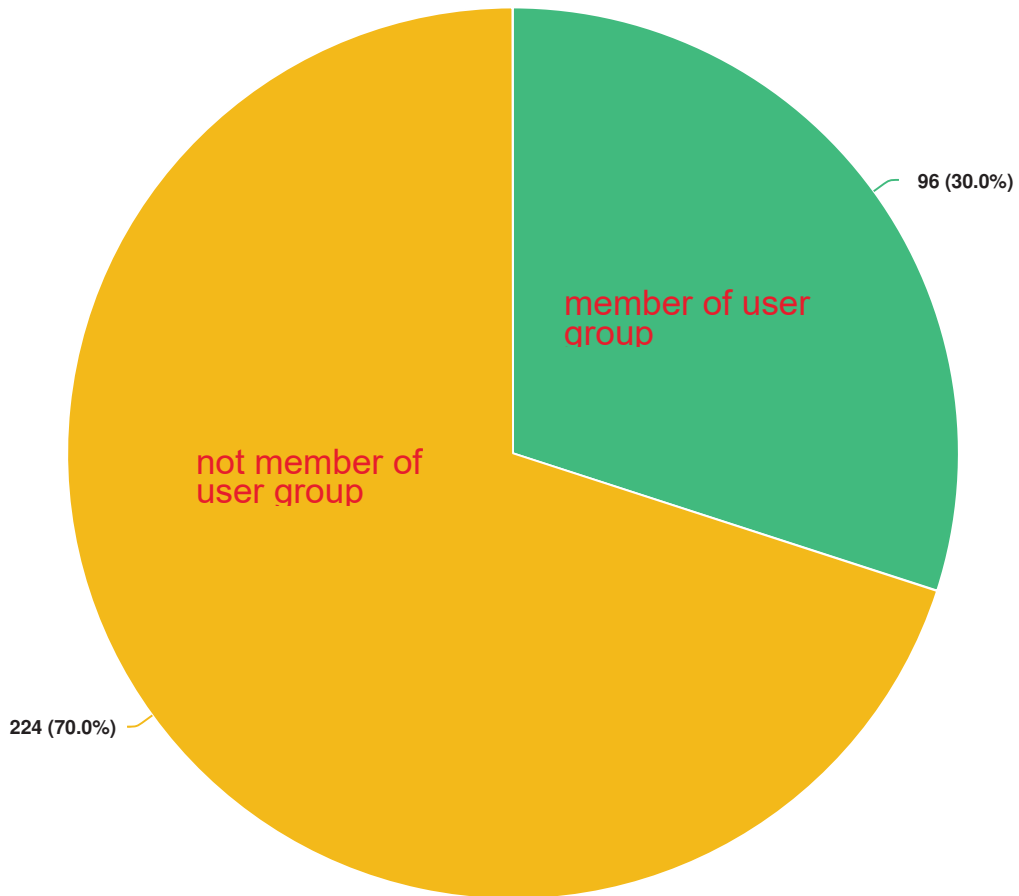

Question options

- Walk
- Bicycle
- Drive
- Other (please specify)

Optional question (321 response(s), 1 skipped)
Question type: Radio Button Question

Q5 Do you use the park as a member of a user group? (Example: Georgetown Soccer Club, Halton Hills Tennis Club.)

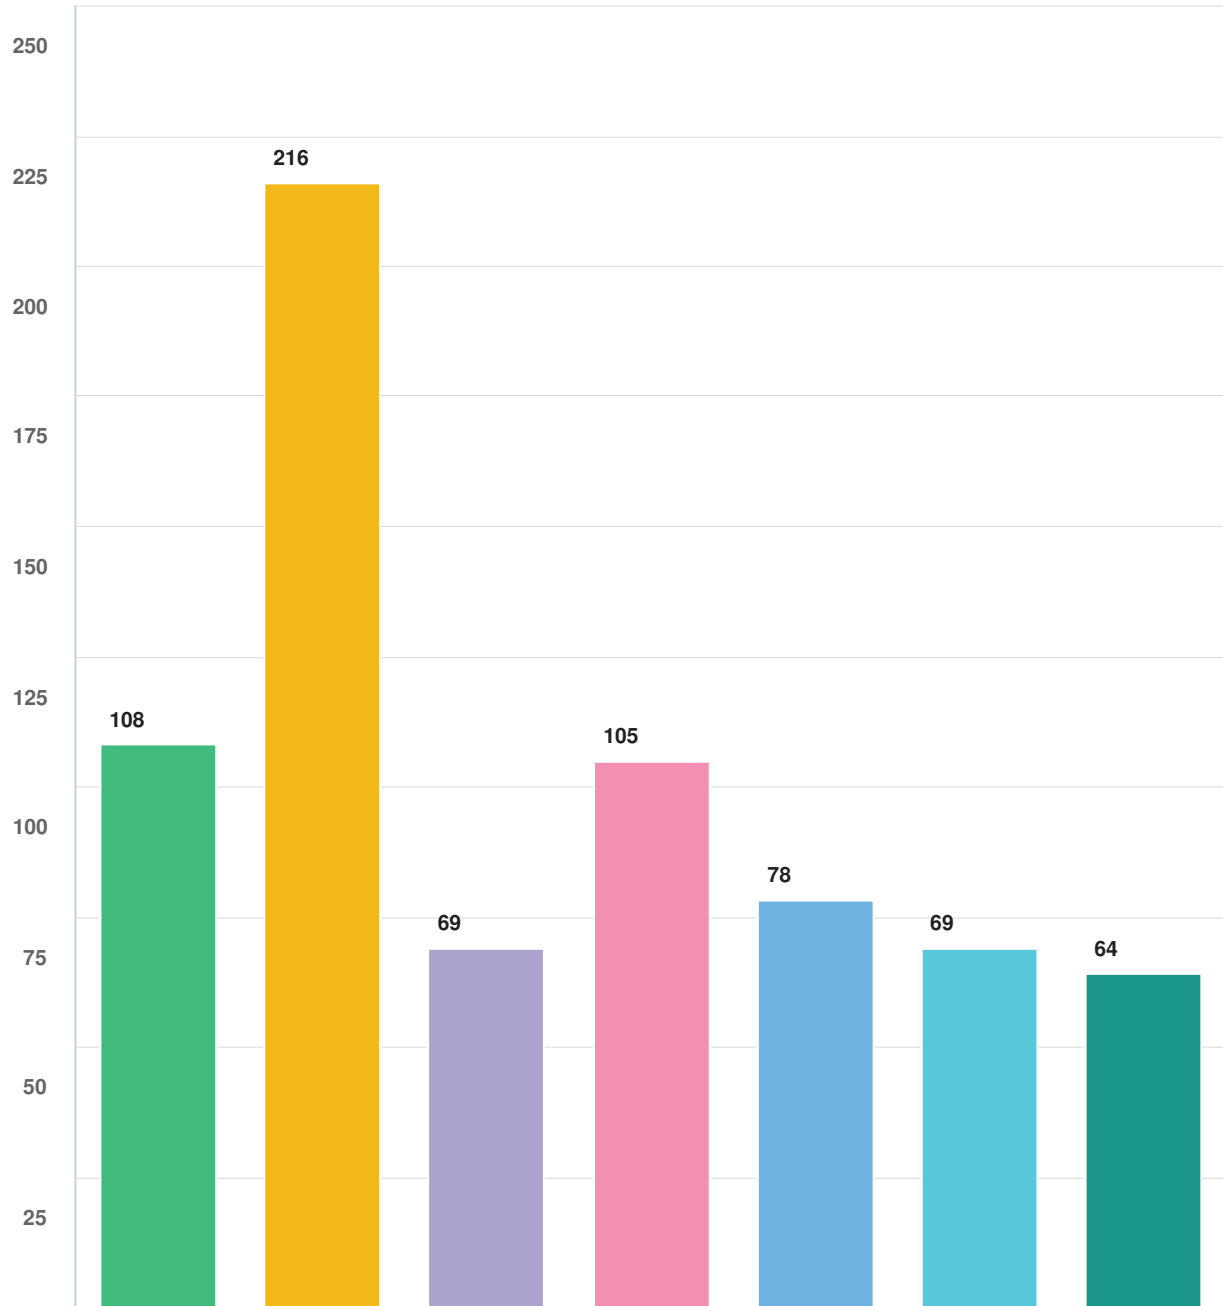

Question options

- Yes
- No

Optional question (320 response(s), 2 skipped)
Question type: Radio Button Question

Q6 Gellert Community Park currently has a significant pathway network. What type of pathways and parking areas would you like in the new park or enhanced in the existing park? (Check all that apply.)

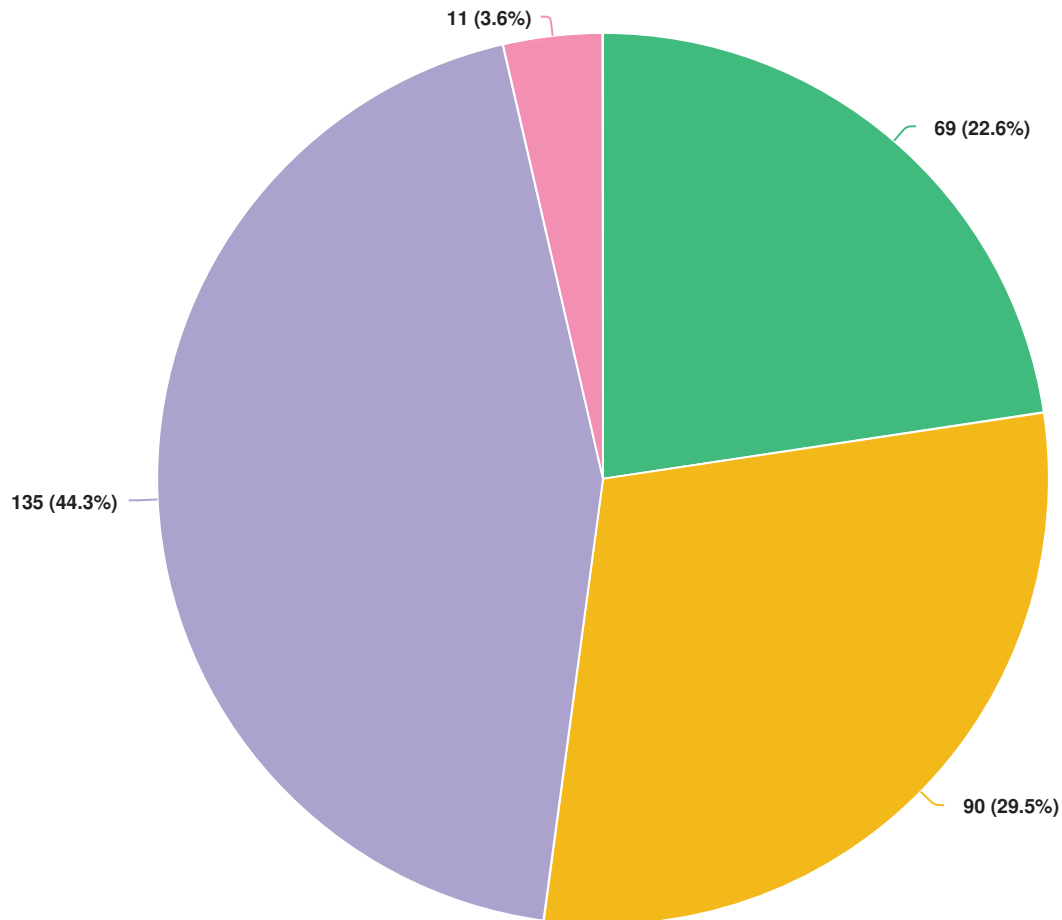

Question options

- Large promenades
- Looped pathways
- Walkways through parking lots to building entrances
- Sidewalk from Community Centre to Eighth Line
- Parking located within the park near activities
- Parking located around existing/new facility entrances
- One large consolidated parking lot

Optional question (309 response(s), 13 skipped)

Question type: Checkbox Question

Q7 | The Georgetown Action Sports Needs Assessment recommended that at minimum, two full sized courts be constructed at Gellert Community Park. What is your preference for how the multi-purpose basketball courts should be arranged?

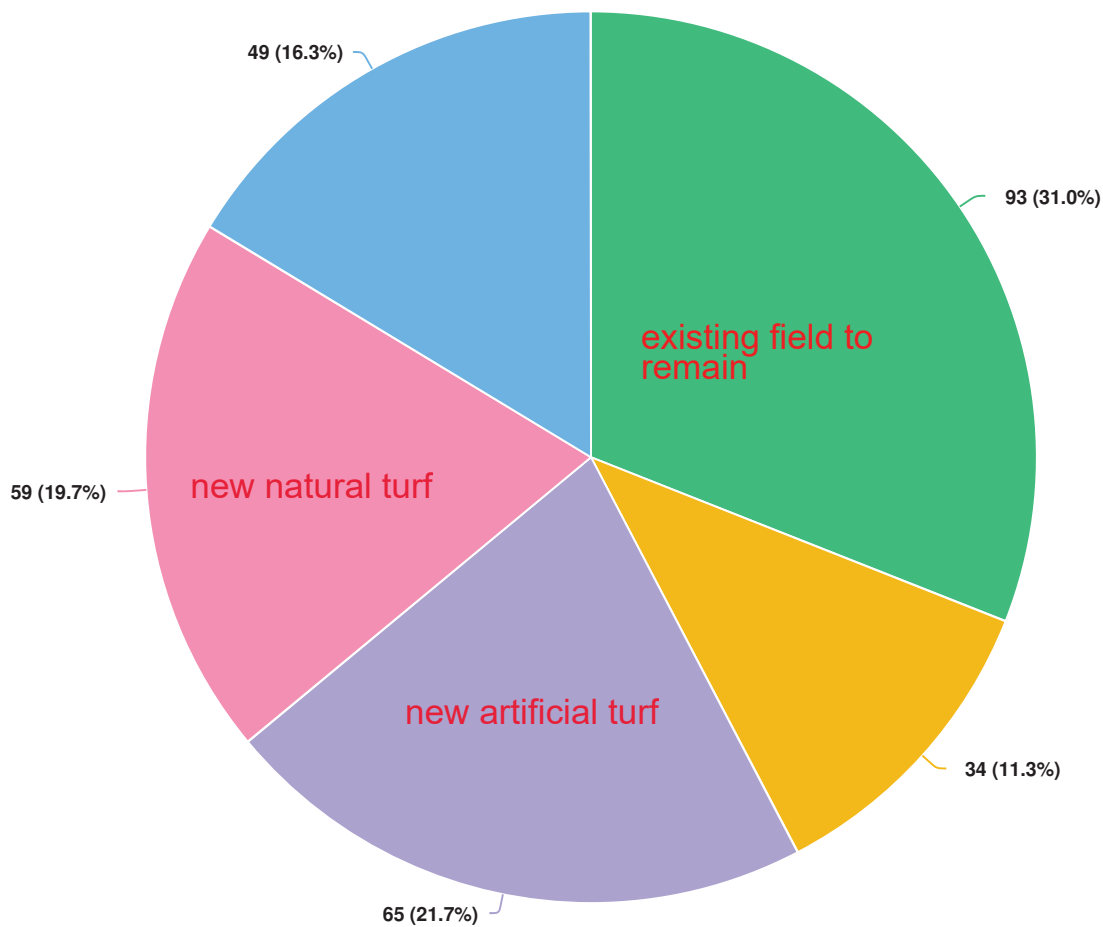

Question options

- Two Full size courts grouped together in one location (Concept A)
- Variety of two full sized courts and three half courts (Concept B)
- Courts in different areas around the park (within plaza and park, Concept C)
- Other (please specify)

Optional question (305 response(s), 17 skipped)

Question type: Radio Button Question

Q8 | A major lit, irrigated soccer field currently exists in the park. The concepts show different soccer field options. What is your preference?

Question options

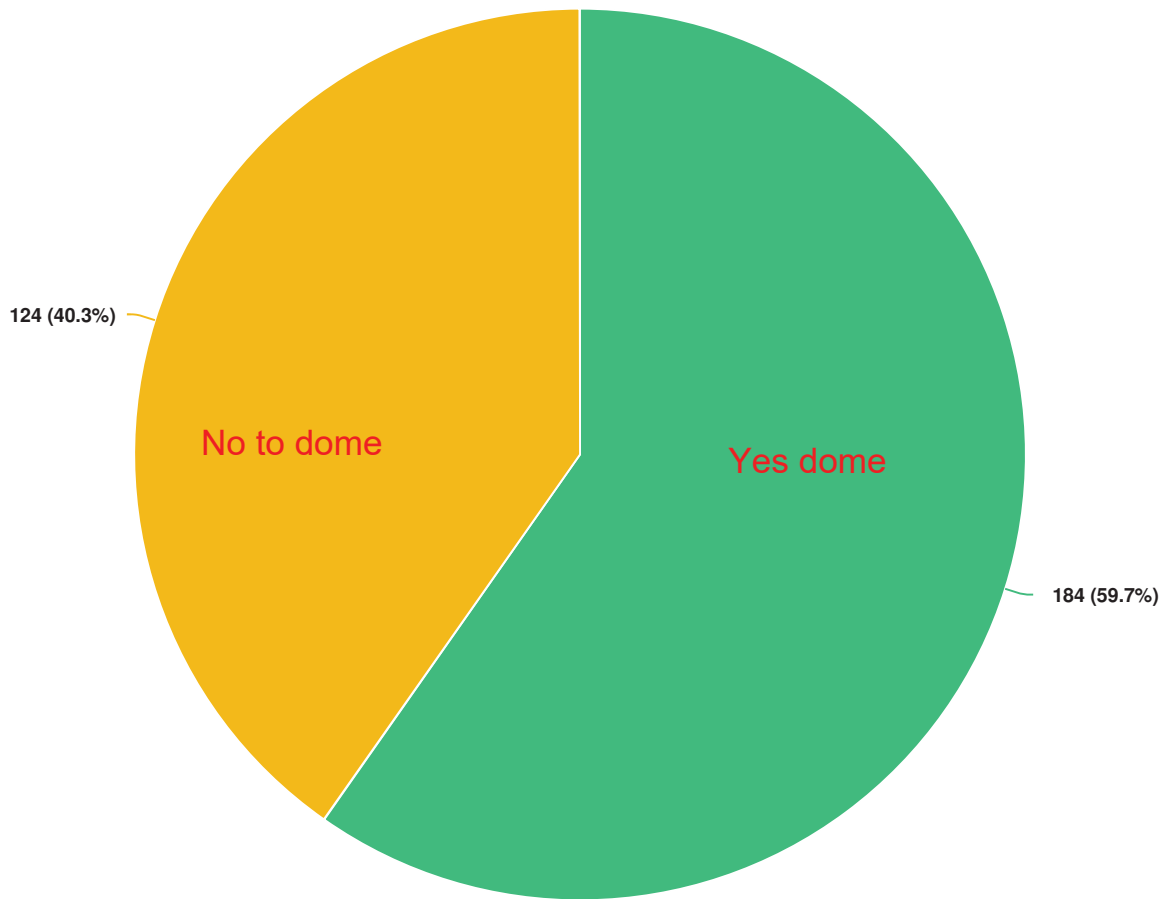

- Existing major lit natural turf field remaining in place (Concept A)
- Intermediate size un-lit natural turf field can fit within open green space area (Concept B)
- New major lit artificial turf field (Concept C)
- New major lit natural turf field (Concept C, just not artificial)
- Soccer field should be built at an alternate location (ie. Trafalgar Sports Park)

Optional question (300 response(s), 22 skipped)
Question type: Radio Button Question

Q9 Community groups have expressed interest in additional indoor sports turf/training facilities. A new indoor turf training facility was not identified as a high priority need through the Town's 2020 Recreation and Parks Strategic Plan, and is not in...

the Town's 10 year Capital Forecast, as the focus was the Gellert Phase 2 Building Expansion.

If the Town was to consider an air supported dome structure for winter use over an artificial turf field, would you support it being located as part of the Gellert Park expansion if the preferred concept included an artificial turf field?

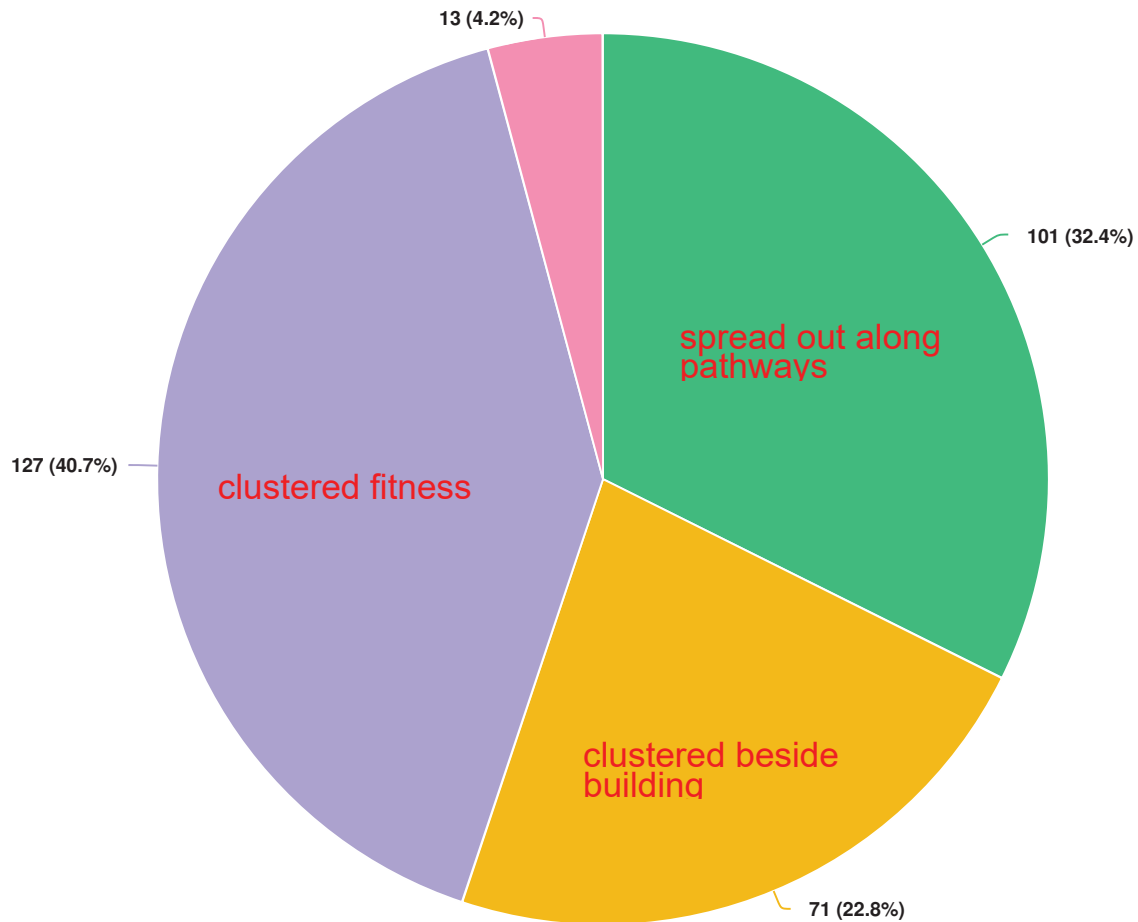

Question options

- Yes
- No

Optional question (308 response(s), 14 skipped)

Question type: Radio Button Question

Q10 Providing outdoor fitness features in parks, was identified through the Recreation and Parks Strategic Plan and Active Living Strategy. What is your preference for outdoor fitness features?

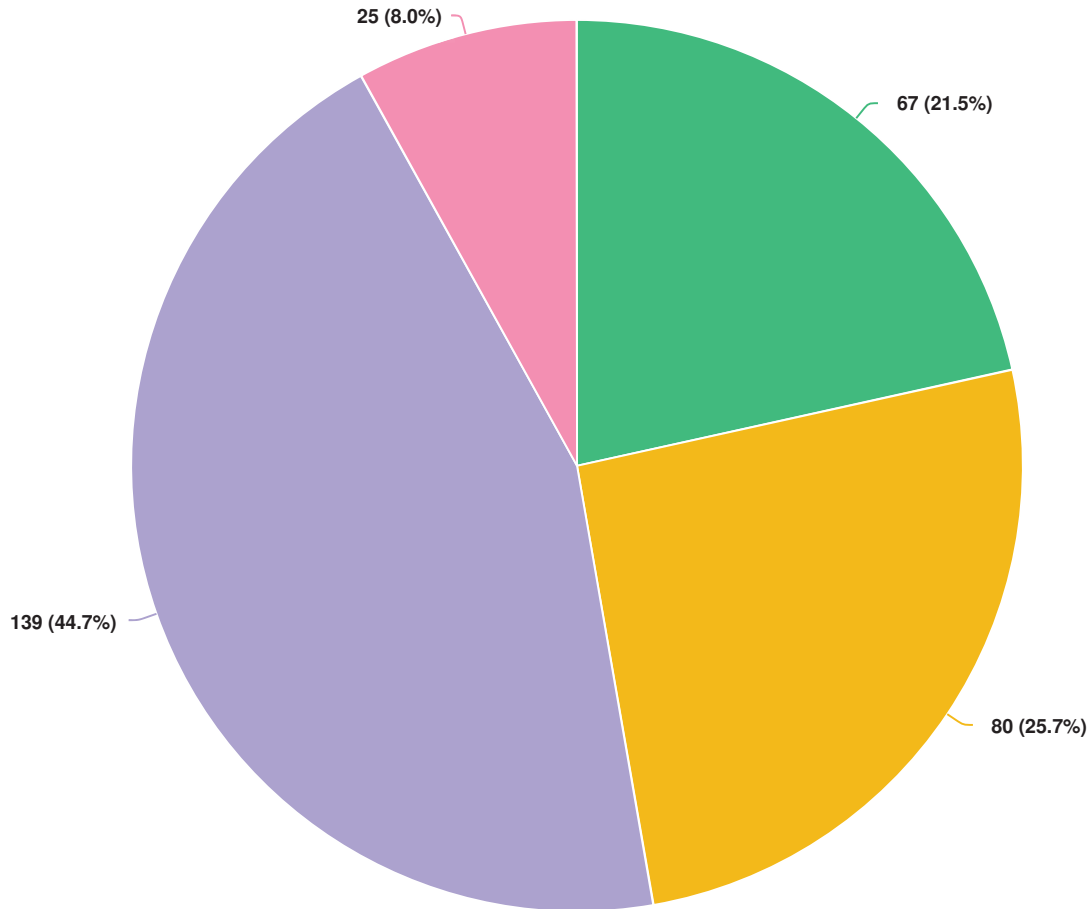

Question options

- Spread throughout park along pathways (Concept A)
- Clustered in one location beside building (Concept B)
- Clustered in one location within the park (Concept C)
- Other (please specify)

Optional question (312 response(s), 10 skipped)
Question type: Radio Button Question

Q11 | The concepts show a variety of pickleball court configurations. The Town’s Court Sports Strategy recommended a minimum of one additional tennis court and two pickleball courts for general community use. In the long term, the strategy recommended a...

community/club level pickleball facility at Trafalgar Sports Park). See the Town’s Court Sports Strategy for additional details.
Do you have a preference on the number/configuration of pickleball courts as shown?

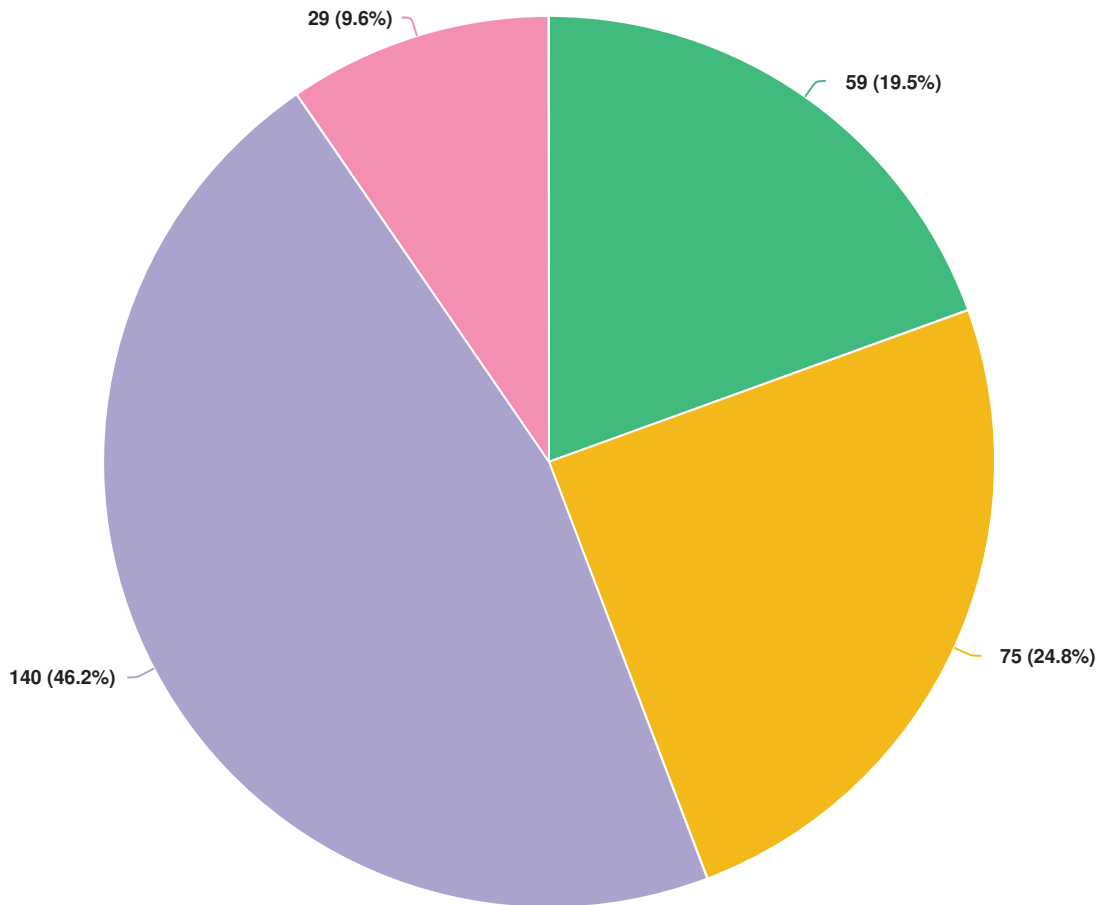

Question options

- Five dedicated courts located separately in the park (Concept A)
- Two dedicated courts near other court uses (Concept B)
- Two dedicated courts, four temporary (grouped with tennis) in a consolidated area for court sports (Concept C)
- Other (please specify)

Optional question (311 response(s), 11 skipped)
Question type: Radio Button Question

Q12 | The Town’s Court Sports Strategy recommended a minimum of one additional public tennis court and two pickleball courts for general community use. In the long term, the strategy recommended conversion of one public tennis court into a club court. W...

What is your preferred tennis court arrangement?

Question options

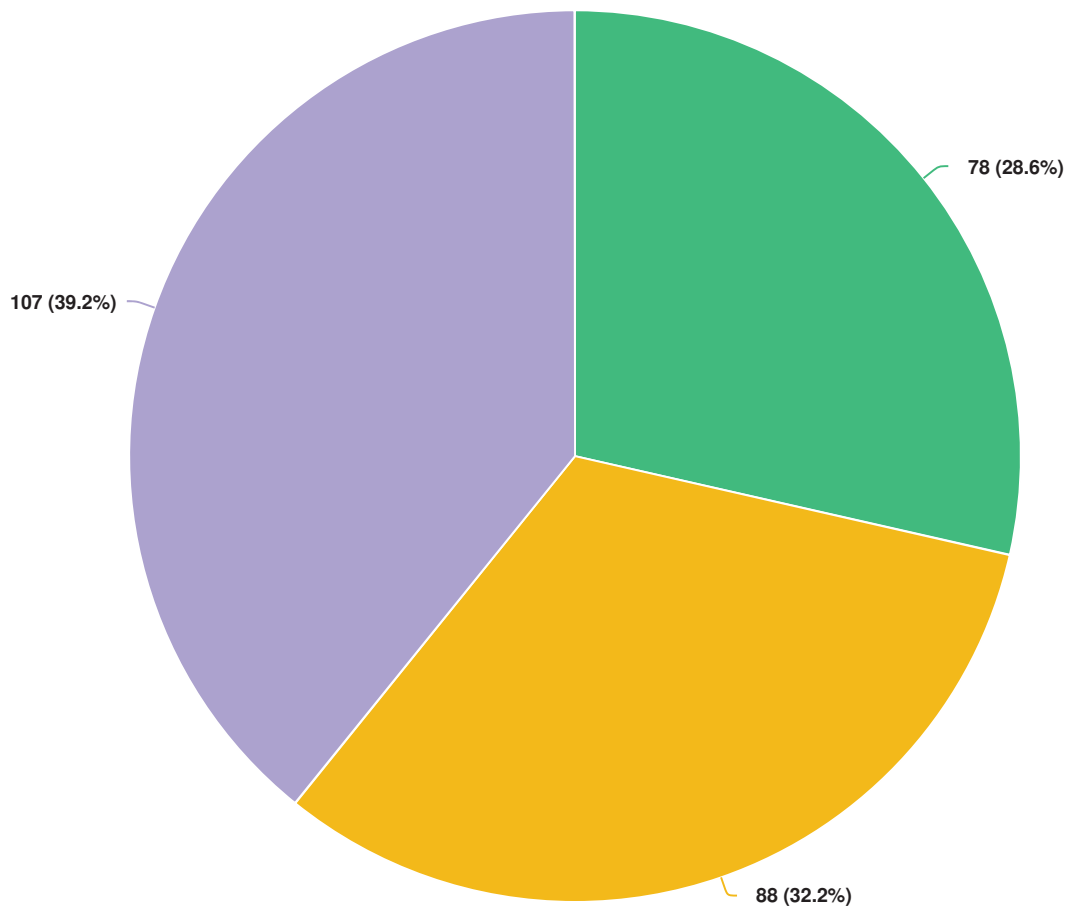

- Two new dedicated tennis courts (one public, one club) (Concept A)
- One new dedicated public court (per the Court Sports Strategy) (Concept B)
- Two new dedicated tennis courts (one public, one club) and one shared with pickleball (Concept C)
- Other (please specify)

Optional question (303 response(s), 19 skipped)

Question type: Radio Button Question

Q13 Pump tracks are shown in the different concepts. An asphalt pump track has higher initial cost, low maintenance requirements, and is more flexible for a variety of users. Dirt pump tracks are lower in cost but require significant maintenance and a ...

volunteer partner group. What is your preference?

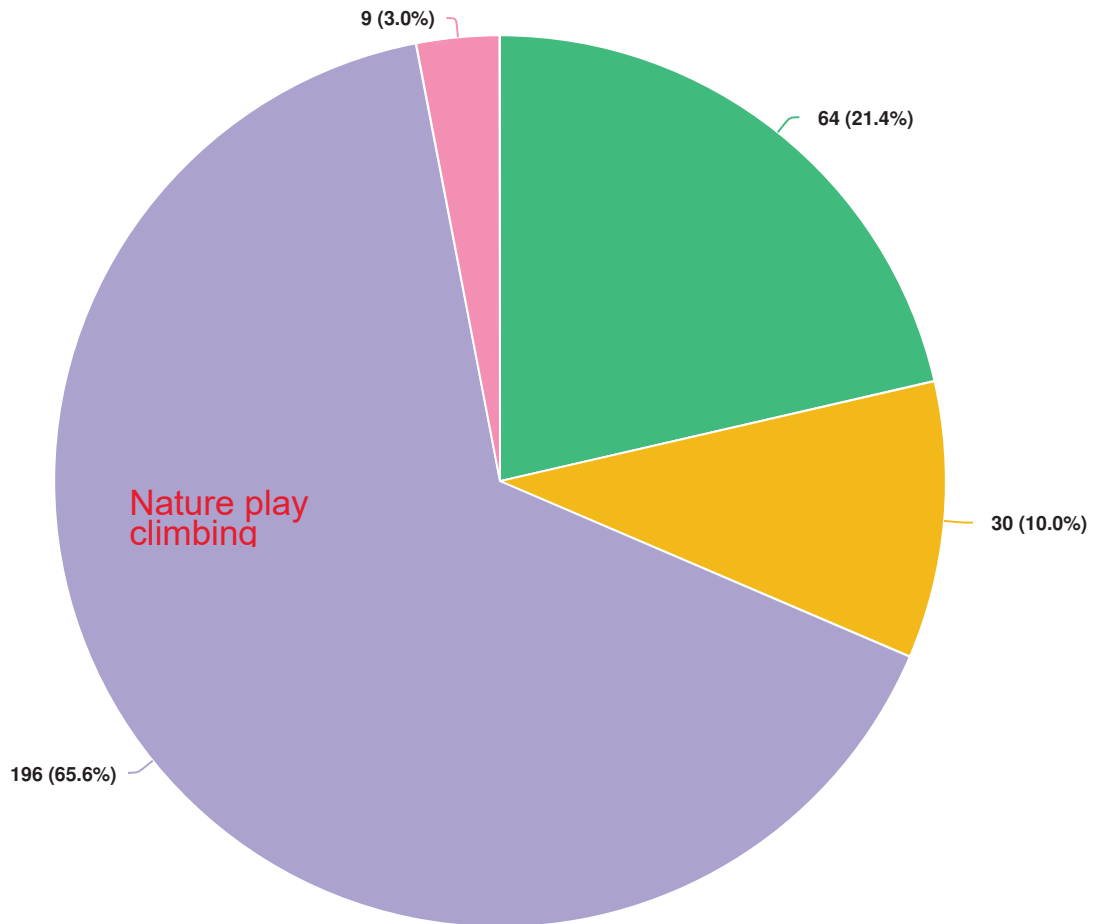

Question options

- Dirt pump track beyond diamond #1 (Concept A)
- Asphalt pump track in new park area (Concept B)
- Asphalt pump track beyond diamond #1

Optional question (273 response(s), 49 skipped)
Question type: Radio Button Question

Q14 | There is currently a community level playground beside the splash pad that was built in 2020. An additional playground is proposed to complement the existing one and accommodate increased park use. What is your preference for the style of the new playground?

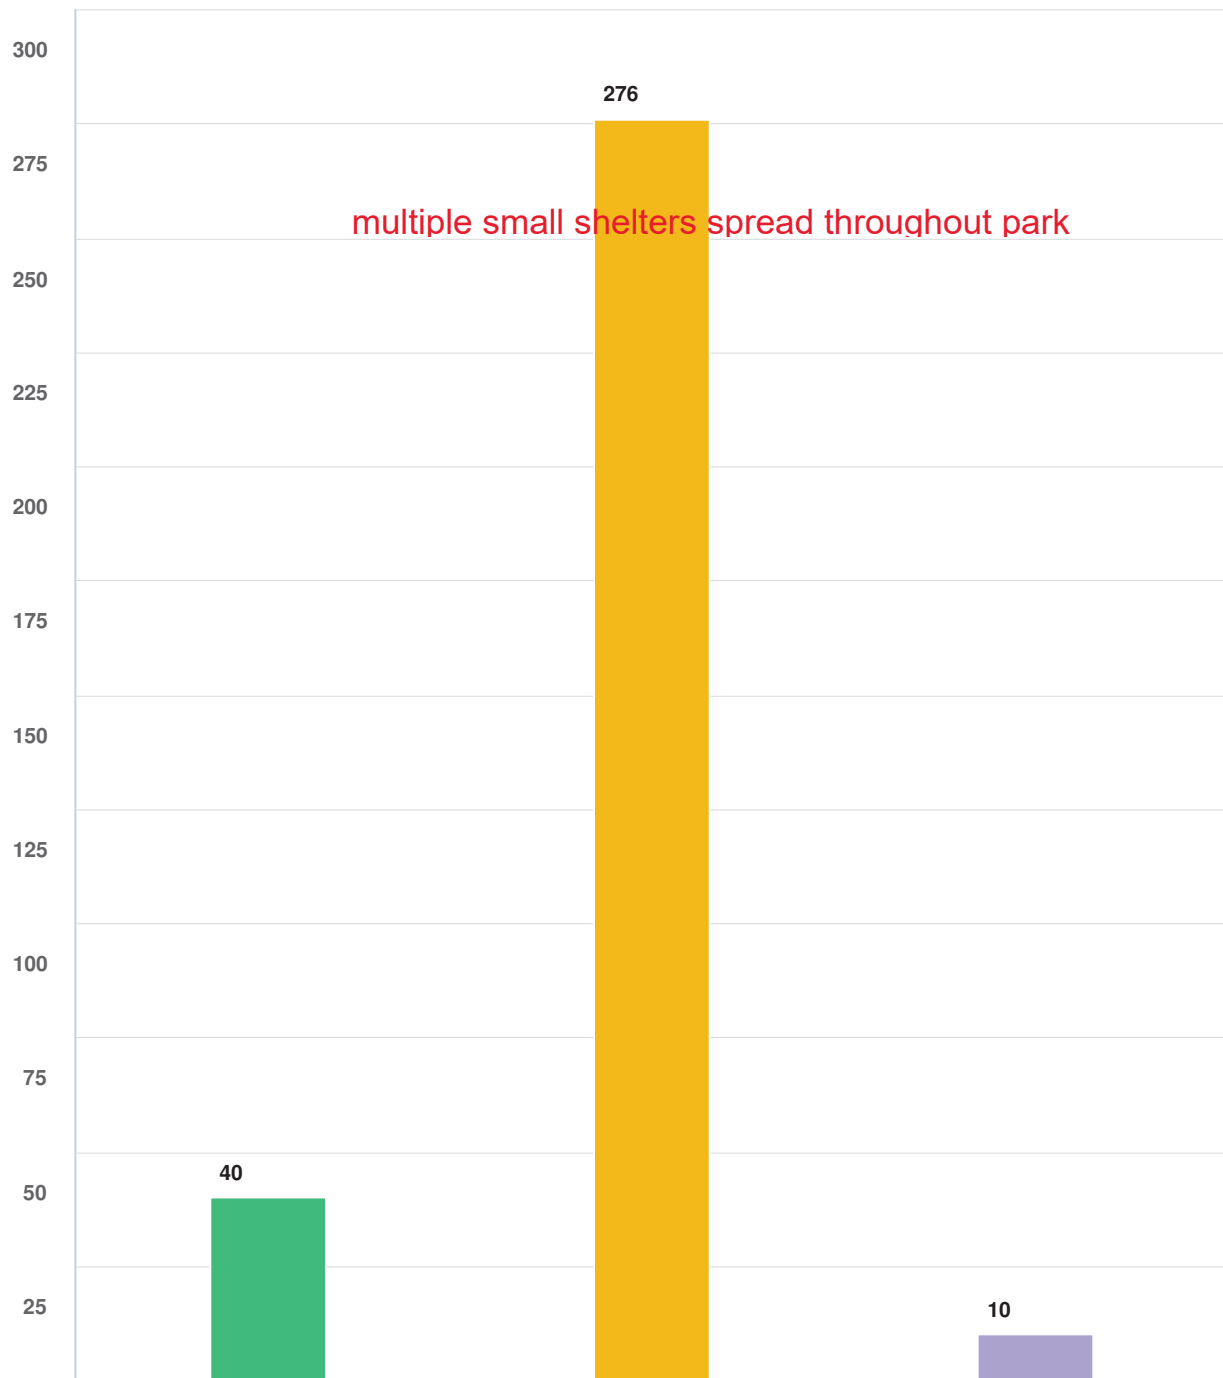

Question options

- Rope climber with slides (Concept A)
- Net climbers (Concept B)
- Nature play climbing (Concept C)
- Other (please specify)

Optional question (299 response(s), 23 skipped)
Question type: Radio Button Question

Q15 A variety of different shade features and shelters are shown. What type of picnic shelter or shade structure do you prefer?

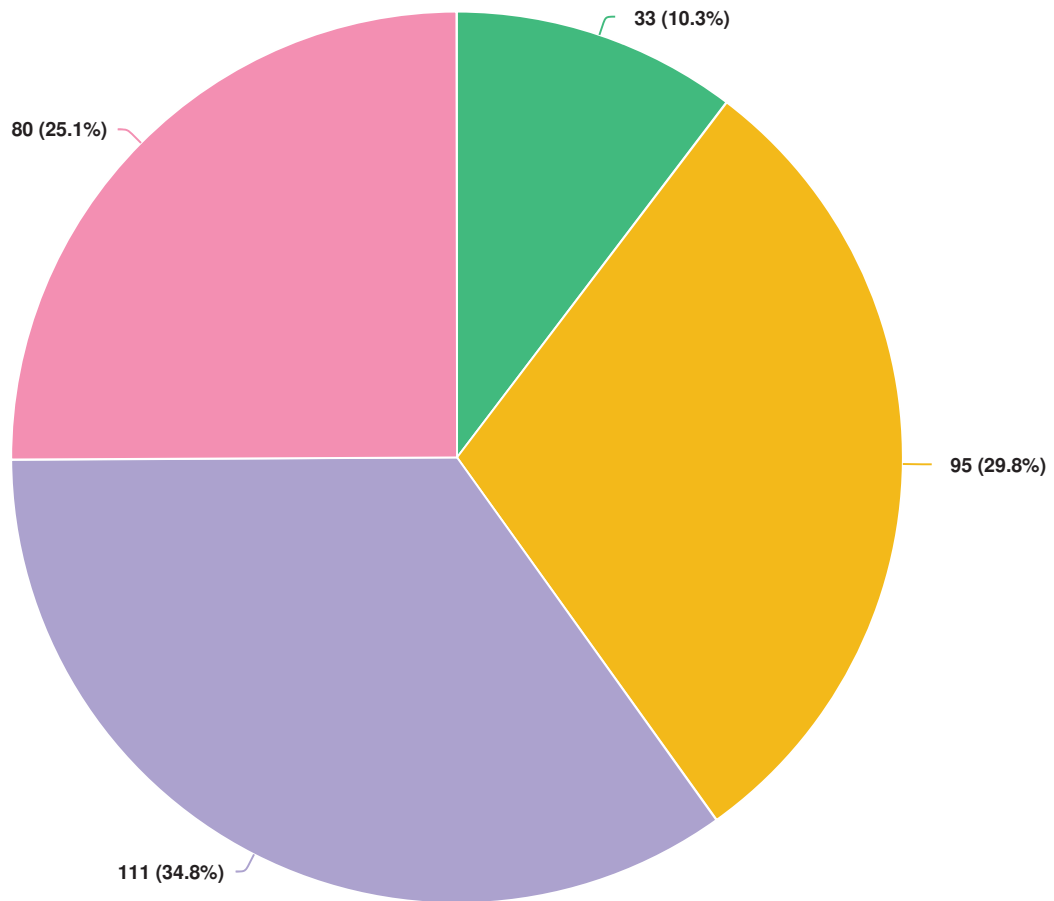

Question options

- Large group picnic shelter
- Multiple small shelters spread throughout park
- Other (please specify)

Optional question (311 response(s), 11 skipped)
Question type: Checkbox Question

Q16 | Currently there are exterior seasonal washrooms (by the splashpad) and washrooms in the community centre for public use. The future expansion could also include exterior washrooms. Some potential park features may require buildings in order for ope...

operations (i.e. outdoor ice).
Do you think an additional park washroom building is required?

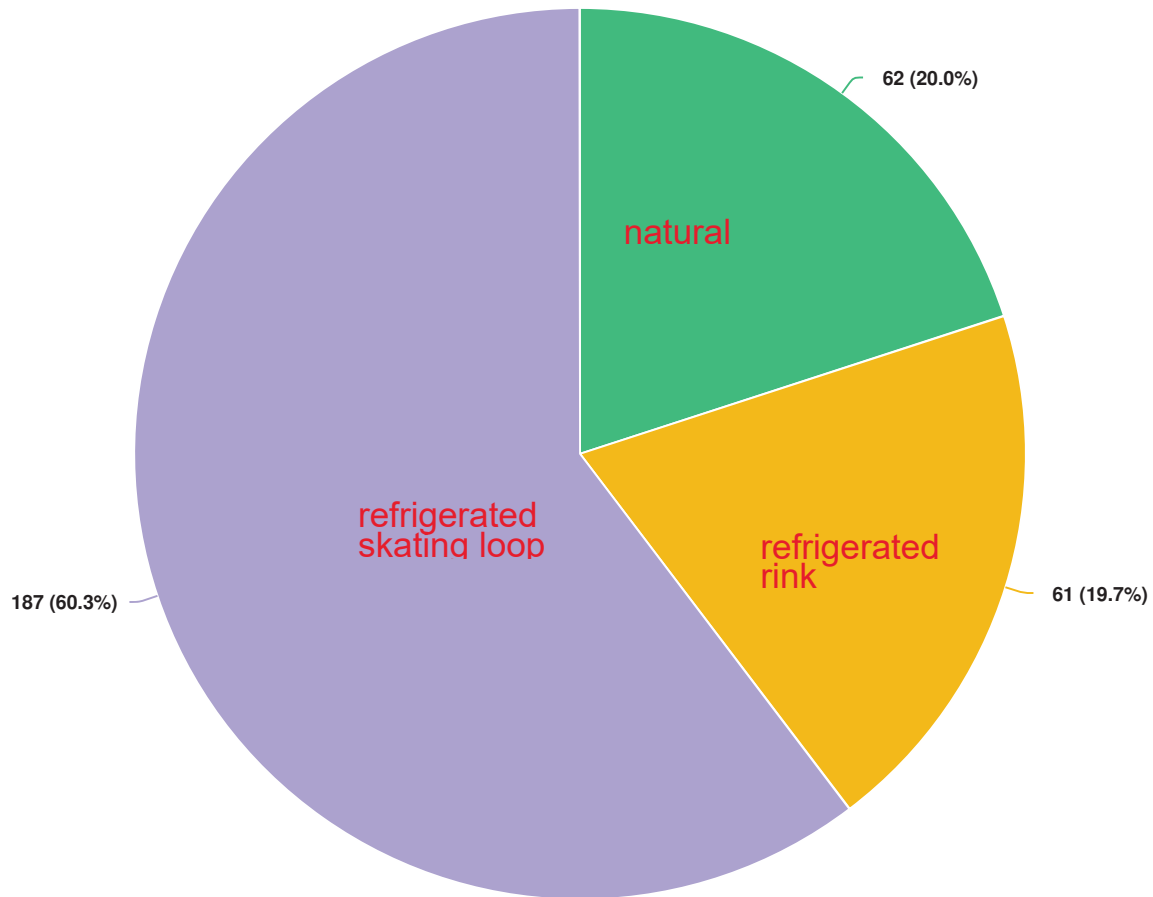

Question options

- Existing washrooms are sufficient
- Include washrooms if a new park building is required for other features, otherwise the existing are sufficient
- Incorporate new exterior access washrooms with future building expansion
- New exterior seasonal washroom building is needed in the park

Optional question (319 response(s), 3 skipped)
Question type: Radio Button Question

Q17 | Three different outdoor ice options are contemplated in the concepts based on the preliminary information from the Town's Outdoor Ice Strategy. Natural ice rinks are less costly but are reliant on suitable weather conditions and still require staf...

staff for creation/operation. Refrigerated options are costly to build and operate and require significant infrastructure and increased operations staff/equipment. Which model would you prefer if an ice skating feature is included?

Question options

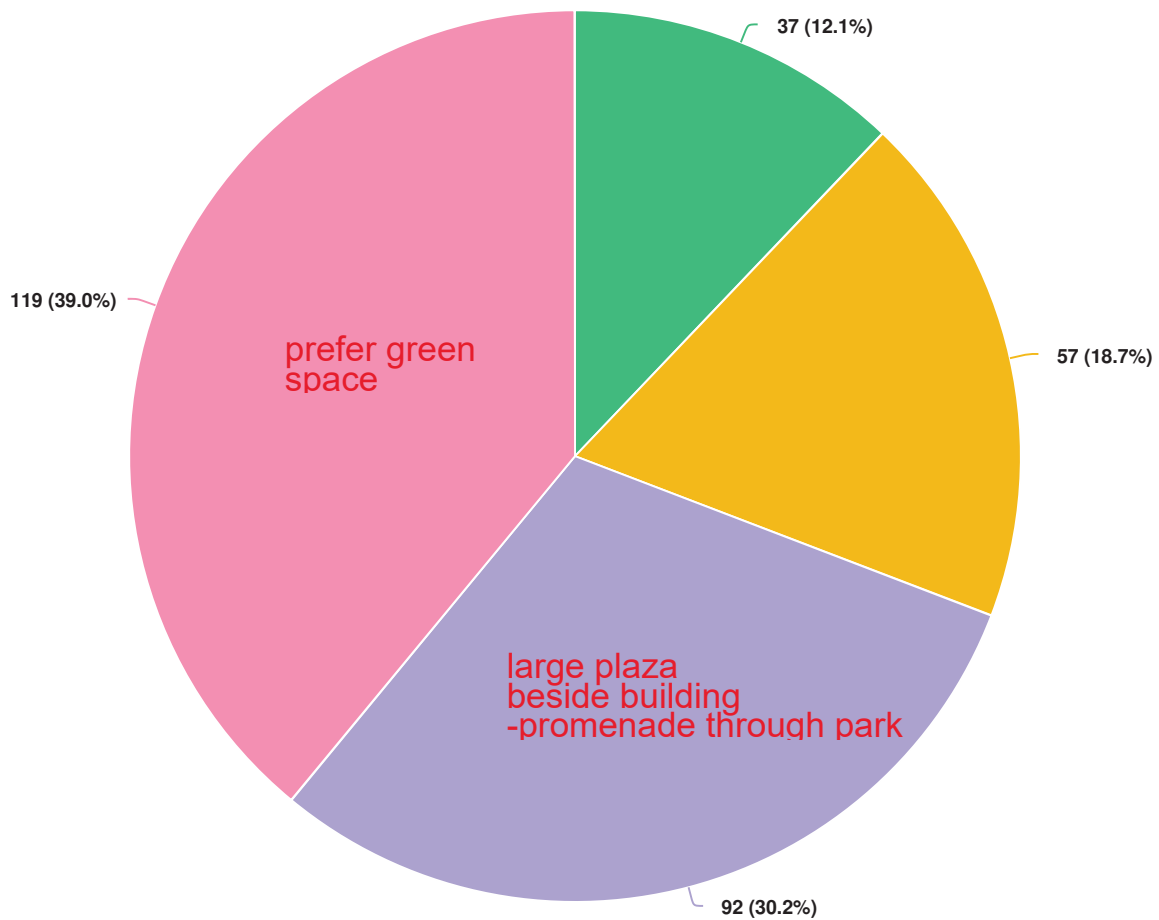

- Natural ice rink(s) on baseball infield (with existing sportsfield lighting) (Concept A)
- Refrigerated Ice rink(s) on multi-purpose courts in winter (with lighting) (Concept B)
- Refrigerated skating loop within park (with pathway lighting) (Concept C)

Optional question (310 response(s), 12 skipped)
Question type: Radio Button Question

Q18 Plaza space is shown through the different concepts. It is intended to provide larger areas for activities, gathering or events, as well as general use by the public. The Town currently has a public plaza associated with the Georgetown Library and...

Cultural Centre.

Do you have a preference for the types of plazas or promenades shown on the concepts?

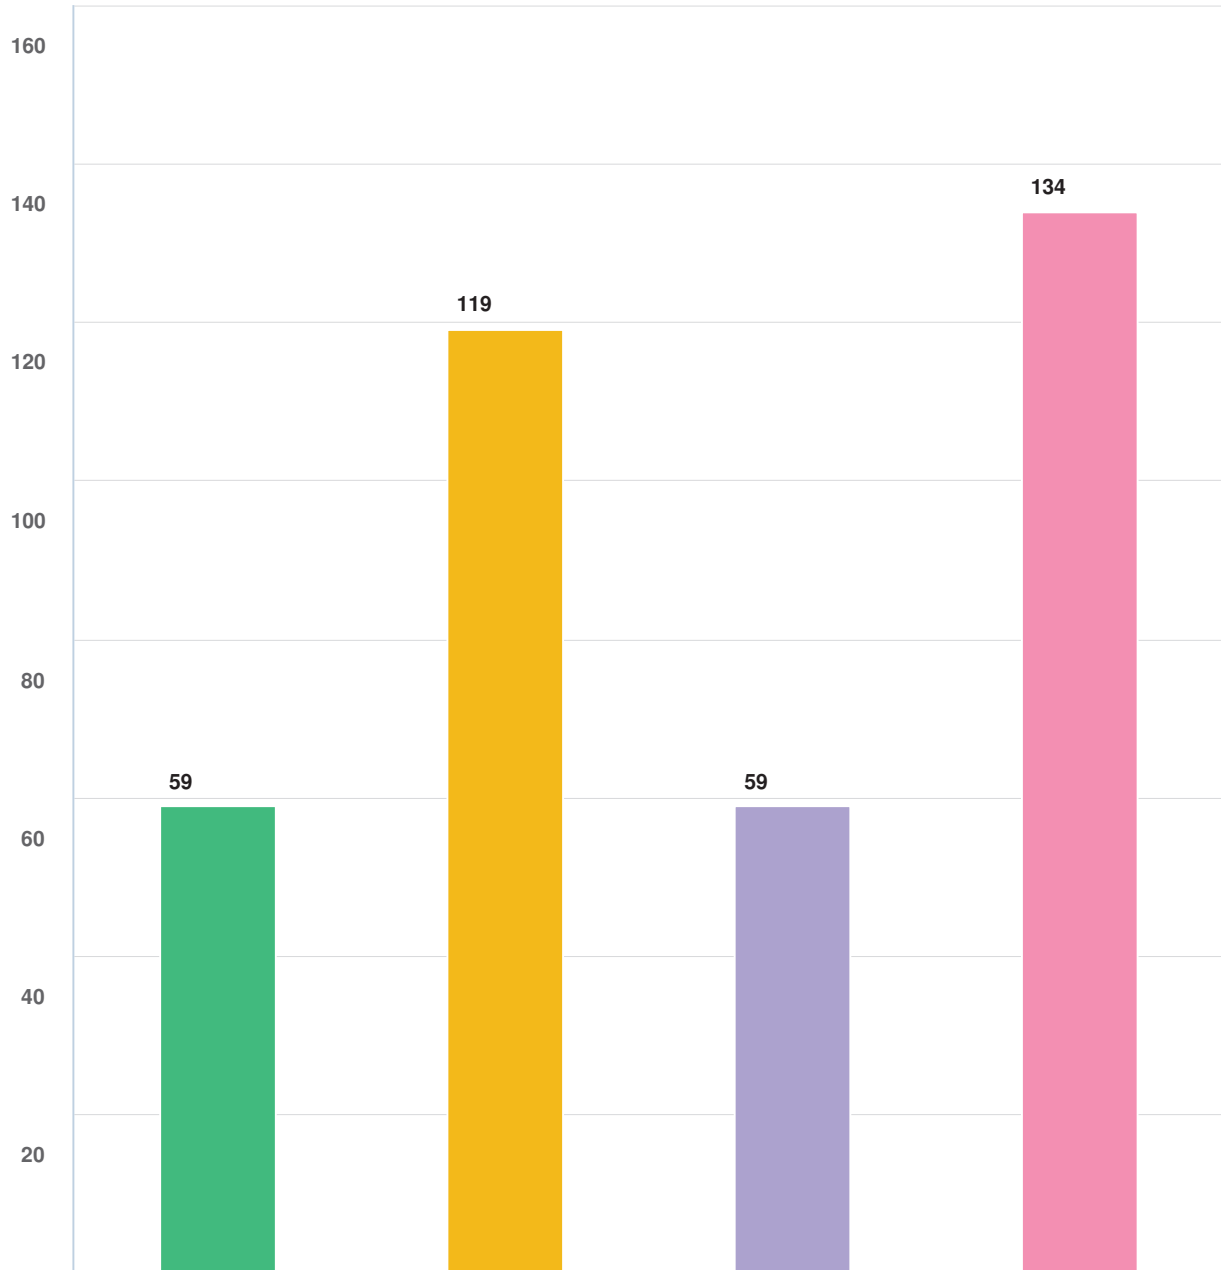

Question options

- Plaza node within park (Concept A)
- Medium-sized plaza beside building and skatepark (Concept B)
- Large-sized plaza beside building and linear promenade through park (Concept C)
- I prefer more green space to paved areas

Optional question (305 response(s), 17 skipped)

Question type: Radio Button Question

Q19 Beach volleyball was not identified as a priority need as part of the Town’s 2020 Recreation and Parks Strategic Plan, but staff have been monitoring community interest for a number of years. Beach volleyball (four lit courts) are shown as part of ... Concept C.
How would you envision these courts used? (Check all that apply.)

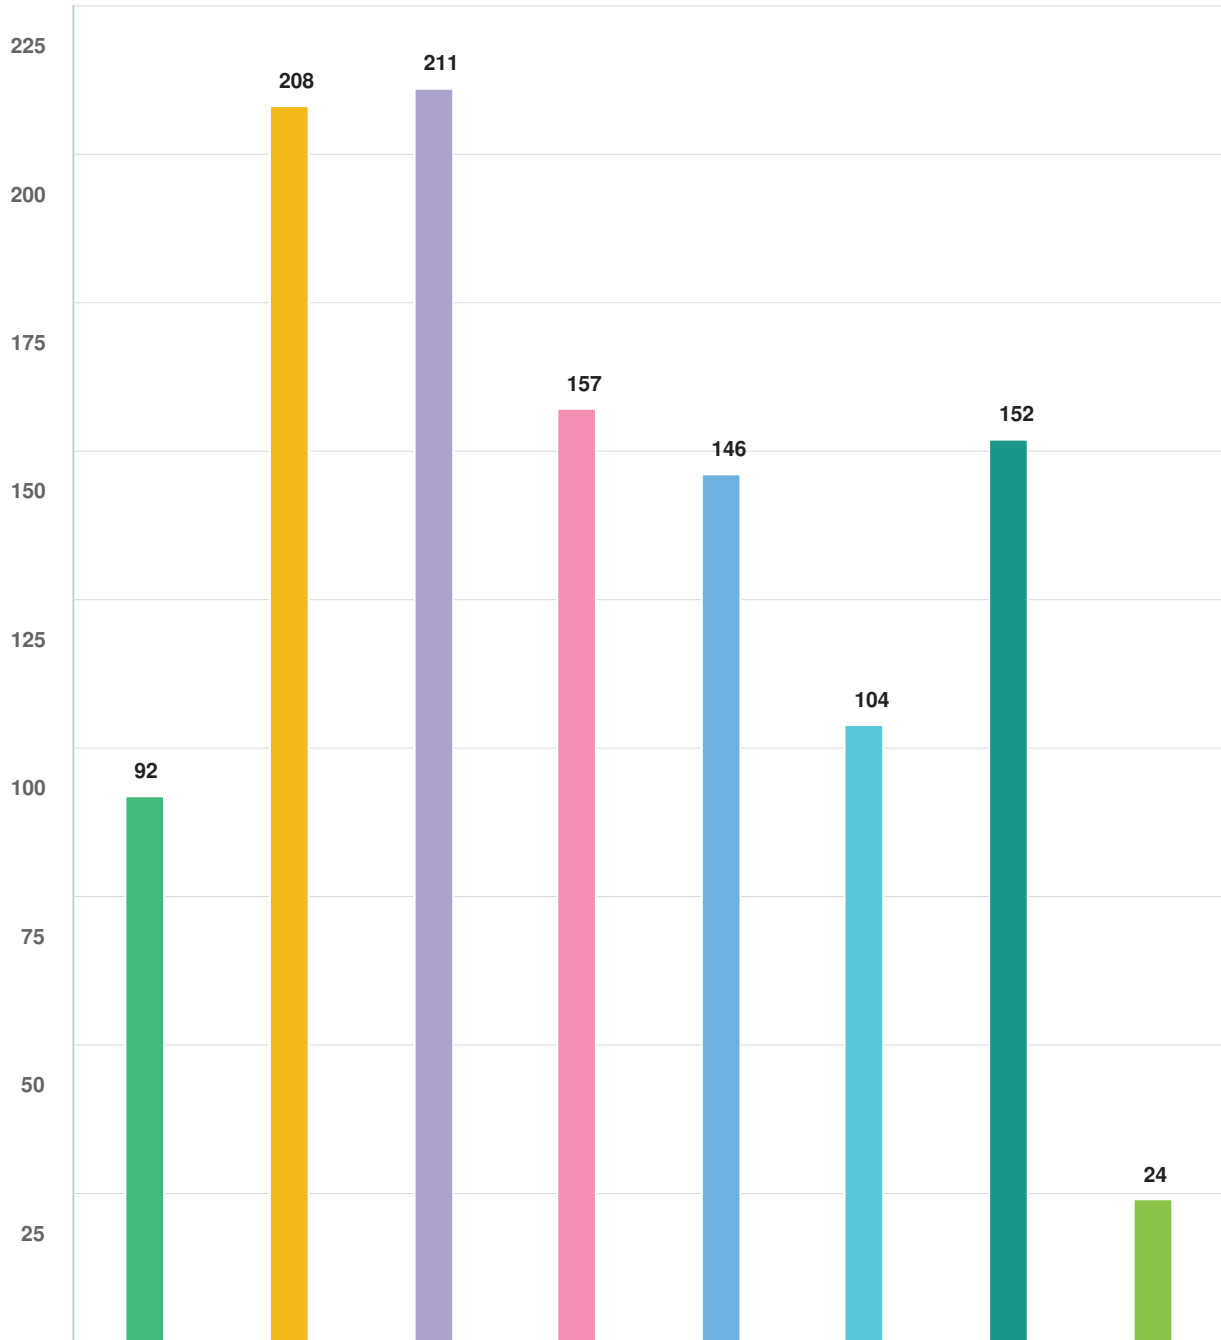

Question options

- I am part of a group that would book these courts for league play (paid permit)
- I would use these courts to play pickup games with my friends (no booking/fees required)
- I wouldn't use them but think they should be included
- I don't think beach volleyball courts are needed and would rather see other park elements

Optional question (313 response(s), 9 skipped)
Question type: Checkbox Question

Q20 Open, unprogrammed green space is important for social and mental well-being. How do you see yourself utilizing flexible green spaces? (Check all that apply.)

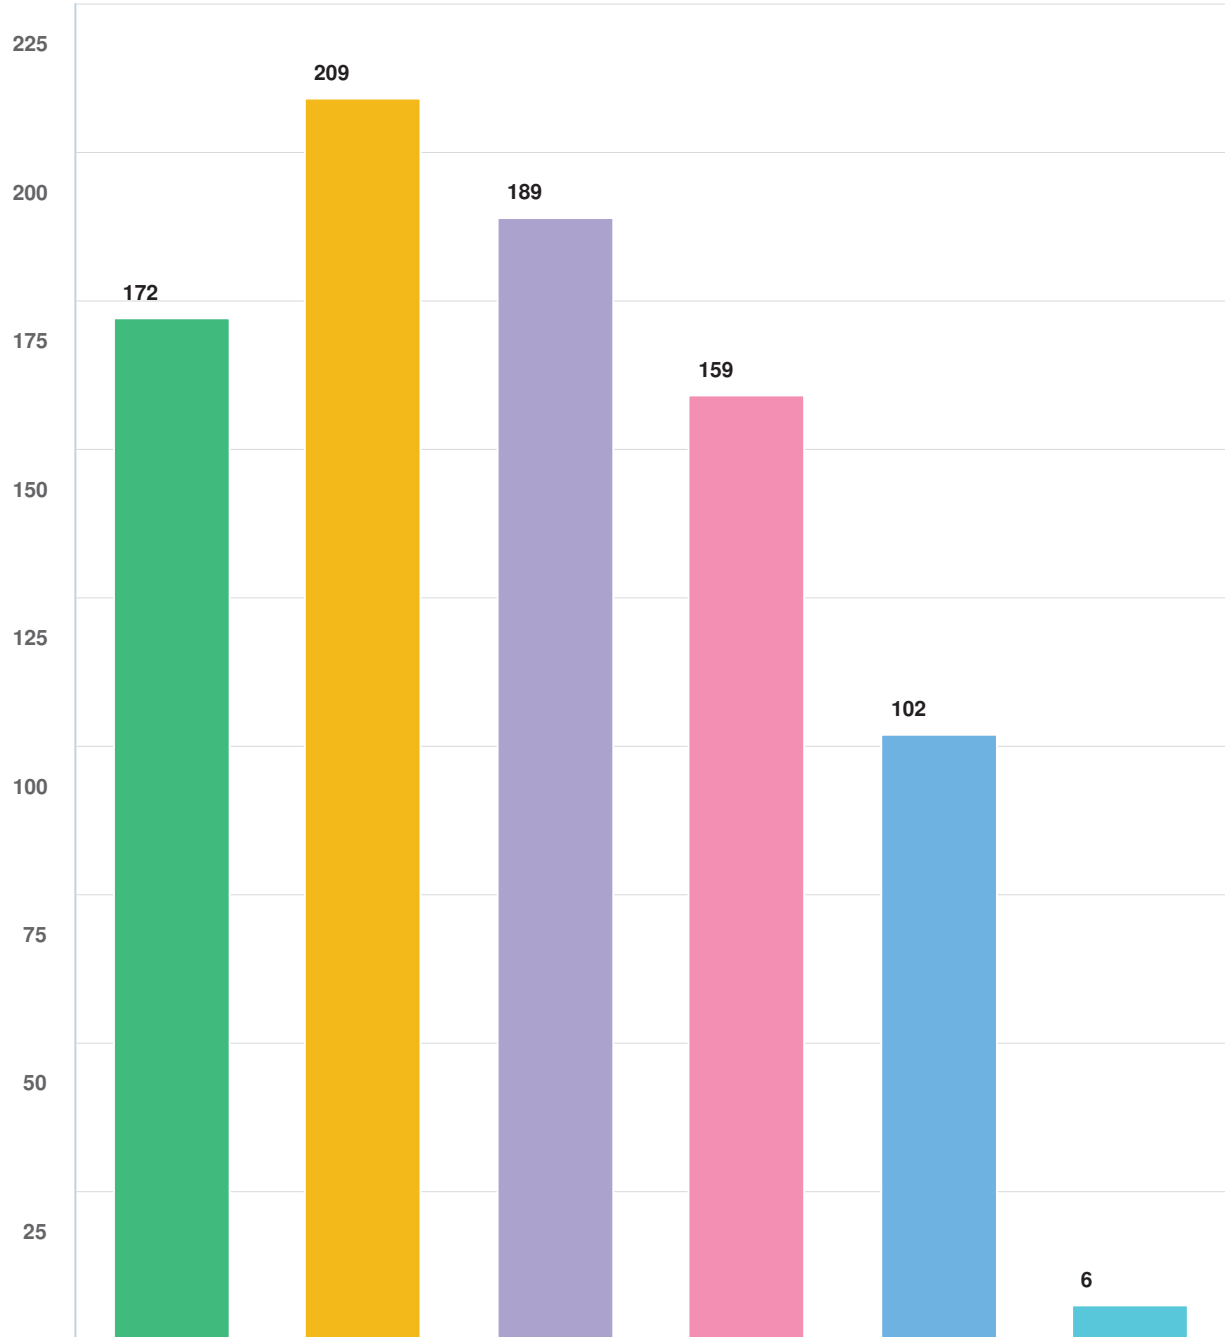

Question options

- Yoga/meditation
- Picnic
- Relaxing
- Read a book under a tree
- Frisbee
- Kite flying
- Exercise
- Other (please specify)

Optional question (301 response(s), 21 skipped)
Question type: Checkbox Question

Q21 The courtyard patio space will be developed as part of the building expansion, but we would like your preliminary feedback now. What types of activities do you think are important to consider as part of the courtyard patio space beside the communit...

community centre? (check all that apply.)

Question options

- Event space
- Flexible seating
- Food and drink vendor(s)
- Performance space
- Programming space
- Other (please specify)

Optional question (294 response(s), 28 skipped)

Question type: Checkbox Question
