OFFICIAL PLAN AMENDMENT No. 58

TO THE OFFICIAL PLAN FOR THE TOWN OF HALTON HILLS

PART A: THE PREAMBLE does not constitute part of this Amendment

PART B: THE AMENDMENT consisting of the following Schedule and Text constitutes Amendment No. 58 to the Official Plan for the Town of Halton Hills.

**AMENDMENT NO. 58 TO THE OFFICIAL PLAN
OF THE TOWN OF HALTON HILLS**

The attached text and schedules constitute Amendment No. 58 to the Official Plan of the Town of Halton Hills, which was adopted by the Council of the Town of Halton Hills by By-law 2024-0097 in accordance with the provisions of the Planning Act, 1990. R.S.O., c.p. 13, as amended;

THE CORPORATION OF THE TOWN OF HALTON HILLS

MAYOR – Ann Lawlor

TOWN CLERK – Valerie Petryniak

PART A – THE PREAMBLE

PURPOSE OF THE AMENDMENT

The main purpose of this amendment is to update current policies for accessory apartments within the Town's Official Plan. Proposed changes include adopting the term Additional Residential Units, in place of Accessory Apartments, to better align with Provincial planning policies. Additionally, an update to the definition of the use is required to include units detached from the main residential building.

LOCATION

The amendment applies to the Halton Hills Rural Area (excluding the Niagara Escarpment Plan Area), specifically to lands where designations permit single detached dwellings. Within the Niagara Escarpment Plan Area, only administrative changes are being proposed to reflect the use of the new term Additional Residential Unit in the Town of Halton Hills Official Plan.

BASIS FOR THE AMENDMENT

In September of 2019, Town Council approved Official Plan Amendment (OPA) No. 38 and By-law 2019-0049 (to amend Comprehensive Zoning By-law 2010-0050), in order to implement the final recommendations for revised Accessory Dwelling Units policies in Halton Hills. Since then, the Provincial direction (through Bill 23) has changed to require that municipalities permit up to three units on a lot in urban areas, wherever single, semi-detached, or townhouse units are already permitted.

Currently the Town's Official Plan permits accessory apartments within single, semi-detached and townhouse dwellings, subject to maximum floor area (110 square metres) in the Urban Area and Rural/Agricultural Area.

Key changes being proposed through this update include:

- Adopting the term Additional Residential Units, in place of Accessory Dwelling Units, to better align with Provincial policies.
- Update the existing definition as required to include units detached from the main residential building.

Under the current Official Plan an Accessory Apartment is defined as a "self-contained apartment within a single detached, semi-detached, or townhouse dwelling unit." The use is currently permitted in the Low Density Residential Areas and Medium Density Residential Areas, subject to regulations of the Zoning By-law and criteria listed in Section D1.3.1.6:

- The accessory apartment shall comply with the Ontario Building and Fire Codes;
- Adequate parking is available on the lot for both dwelling units and minimizes the loss of outdoor amenity areas or landscaping;
- The accessory apartment is designed and located in such a manner to not have a negative impact on the character of the surrounding neighbourhood and to the end any building addition shall be compatible with the massing, height, and setbacks of adjacent dwelling units; and,
- Municipal water and wastewater facilities are adequate and available.

In the Rural Area, Accessory Apartments are permitted under the Agricultural Area and Protected Countryside designations, subject to regulations of the Zoning By-law and criteria listed in Section E1.4.10:

- The accessory apartment shall comply with the Ontario Building and Fire Codes;
- Adequate parking is available on the lot for both dwelling units and minimizes the loss of outdoor amenity areas or landscaping;
- The accessory apartment is designed and located in such a manner to not have a negative impact on the character of the surrounding residential uses and to that end any building addition shall be compatible with the massing, height, and setbacks of adjacent dwelling units; and,

- Municipal water and wastewater or septic and well facilities are adequate and available to accommodate an additional dwelling unit.
