## Project Information

**1.) Briefly describe the Project and identify the heritage attributes of the Designated Property that will be affected. You must include a current photo(s) taken prior to the proposed work to clearly establish the 'before' view.**

As part of an ongoing effort to preserve and restore the original character of the home, this project involves replacing the existing single front door with a custom double front door that reflects the style historically found on the property.

### Attach Image(s)

**2.) Explain how the proposed Project will maintain the heritage attributes of your Designated Property.**

This restoration not only enhances curb appeal but also respects the heritage value of the property by reintroducing a historically accurate element that had been previously removed or altered.

**3.) List all estimated cost(s) for the Project and provide explanation where required.**
