  o A. Lawlor requested clarification around why there is a direct relationship between the Library’s room rental rates and the Recreation and Parks Department’s rates, and also how room rentals align with the Library’s income and strategic plan.

  o G. Cannon explained that in part, the library rates are in line with those of the Town to maintain ease of use as the library’s rental rooms are accessed through PerfectMind, the Town’s tool for managing spaces. The exceptions are the Partners’ Rooms, as they are unique spaces that are available to accommodate local business needs and the library’s exam proctoring service.

  o Room rentals rates consistent with Town rates align with the strategic plan by strengthening our partnership, rather than competing, to provide services to residents. In addition, in the library also provides study rooms that are available free of charge to all.

  o In view of the current increase in demand for proctoring services, B. King noted that she is currently monitoring the amount of staff time and resources in relation to the revenue from room bookings. Once the study is complete, there will be a recommendation around future proctoring rates.

  o Next steps:

    ▪ A Board review of proctoring rates/services will be held separately from room rental rates.
    ▪ G. Cannon will provide details regarding the rental room usage and rental revenue to the Board via email.

   13.2 Report No. LBD-2019-004 re: Reducing Barriers to Future Success: Expanding Fine and Fee Elimination to Include Children and Youth
       o D. Davey and C. Hanman presented for Board consideration, their report to recommend the expansion of the current fines and fee free program for babies, to include children and teens up to the age of 18 years. This change would remove a significant barrier to service for these groups while showing that HHPL is committed to providing literacy and other library-related resources to all, regardless of the ability to pay fines.

      Moved by M. Willis That Report No. LBD-2019-004 dated April 10th, 2019 Regarding Reducing Barriers to Future Success: Expanding Fine and Fee Elimination to Include Children and Youth be received;

AND FURTHER THAT, staff be directed to report back on the outcomes of expanding the Library’s current fine-free policy.

Discussion:

- It was noted that fines collected are a very small portion of revenue (approximately 1.23%) and are declining. Charges for lost materials would still apply.
- D. Davey noted that on a case-by-case basis, accommodations are often made for families requiring financial assistance with charges on library cards.

Over the past several years, community partnerships with HHPL have strengthened and expanded to over 30 partners. In view of this and the resulting expansion of programs, staff felt that an update and formalization of the Library’s Partnership Plan was needed. The revised three-tiered plan is based on the strategic importance of each partnership, how HHPL is working with each group, and will ensure all are working toward clearly defined goals.
