Town of Milton

33rd Session
COUNCIL RESOLUTION

Date: January 20, 2020

Number: 004-20

Moved by: Councillor *BEAT*

Seconded by: Councillor *CHALLINOR*

BE IT RESOLVED:

THAT the distribution of servicing allocation through the 2020 Regional Allocation Program to the lands shown on the map attached as Appendix 1 and to the landowners/developers listed on the Tables in Appendix 2 to Report PD-004-20 be endorsed;

AND THAT the Commissioner of Planning and Development, in consultation with the Chief Administrative Officer and the Strategic Management Team, be authorized to endorse any minor changes to the distribution of servicing allocation which may arise as the Region advances the program;

AND THAT Milton staff be directed to continue to work with the Region of Halton, the other local municipalities and the development community to support the timely implementation of the required Regional capital infrastructure program;

AND THAT the Town Clerk be directed to forward a copy of Report PD-004-20 together with the Council resolution to the Region of Halton, the City of Burlington and the Towns of Halton Hills and Oakville.

ACTING MAYOR DI LORENZO

The Corporation of the Town of Milton

| Subject: | Region of Halton 2020 Allocation Program - Landowners Letters of Interest |
| Recommendation: | <p>THAT the distribution of servicing allocation through the 2020 Regional Allocation Program to the lands shown on the map attached as Appendix 1 and to the landowners/developers listed on the Tables in Appendix 2 to Report PD-004-20 be endorsed;</p> <p>AND THAT the Commissioner of Planning and Development, in consultation with the Chief Administrative Officer and the Strategic Management Team, be authorized to endorse any minor changes to the distribution of servicing allocation which may arise as the Region advances the program;</p> <p>AND THAT Milton staff be directed to continue to work with the Region of Halton, the other local municipalities and the development community to support the timely implementation of the required Regional capital infrastructure program;</p> <p>AND THAT the Town Clerk be directed to forward a copy of Report PD-004-20 together with the Council resolution to the Region of Halton, the City of Burlington and the Towns of Halton Hills and Oakville.</p> |

EXECUTIVE SUMMARY

- On November 20, 2019, Regional Council endorsed Allocation Program Option 1 which included a total of 19,329 single detached equivalent units (SDEs) to be developed over a six year term
- Up to 8,715 SDEs were allocated to the Town of Milton
- In order for the program to proceed, the Region requires endorsement of the distribution of servicing allocation on the basis of the expressions of interest received by the local municipal councils

The Corporation of the Town of Milton

Report #:
PD-004-20
Page 2 of 8

- Expressions of interest were received for a total of 8,410 SDEs in Milton in the Boyne Survey (4,563 SDEs), the Sherwood Survey including Milton Heights (709 SDEs), the Bristol Survey (372 SDEs) and the Trafalgar Secondary Plan Area (2,766 SDE's)
- Staff recommends that Council endorses the distribution of servicing allocation to all landowners that submitted expressions of interest as this:
 - ensures that Milton has available servicing capacity to accommodate planned greenfield growth over the course of the entire six year duration of the 2020 allocation program;
 - supports the Town's Urban Structure and conforms with the Official Plan and Secondary Plans;
 - Provides options with respect to the orderly progression of development
 - ensures the continued availability of development land;
 - provides for an increase in the supply and diversity of housing types;
 - supports a more predictable and quantifiable rate of development;
 - unlocks the development potential of certain "frozen" lands;
 - allows the development of a number of Council-approved infill projects; and
 - enables comprehensive development and the completion of neighbourhoods including the delivery of park and school sites.

REPORT

Background

On November 20, 2019, Regional Council approved the recommendations contained in Report No. FN-46-19/PW-50/19/LPS112-19, endorsing Allocation Program Option 1 which included up to a total of 19,329 single detached equivalent units (SDEs), including the allocation of up to 8,716 SDEs to the Town of Milton. A copy of the Regional report is attached as Appendix 3 to this report.

The above noted report responded to direction from Regional Council provided on July 10, 2019, requesting that staff bring forward a report outlining options for the delivery of the 2020 Allocation Program, including a financing plan for each option. The resulting report contained two potential options. Option 1 included a range of 18,230 SDEs to 19,329 SDEs to service six years of growth in accordance with the Best Planning Estimates (BPEs). This option involved \$1.5 billion of growth-related Regional infrastructure, \$858.5 million of which would be residential responsibility provided by the participating landowners and \$630.3 million in Regional responsibility. Option 2 included 8,702 SDEs to service three years of growth in accordance with the BPEs. This second option, involved \$733.4 million in growth-related Regional infrastructure, \$415.6 million of which would be residential responsibility provided by participating landowners and \$317.9 million in Regional responsibility.

In evaluating the two options identified, Regional staff considered a number of factors including the status of land use planning approvals, financial impacts, consultation with

The Corporation of the Town of Milton

Report #:
PD-004-20
Page 3 of 8

local municipalities, expressions of interest, infrastructure requirements and school development. Option 1 was recommended based upon the following:

- It provides financing for all capital projects planned to 2022;
- It allows for the collection of revenue for the General Services for 18,230 SDEs prior to the implementation of the changes related to Bill 108;
- It provides lake based servicing to Halton Hills and frees capacity for intensification;
- It delivers infrastructure that would support a potential GO Train Station at Trafalgar and Derry Roads; and
- It unlocks properties allowing school development to be advanced

Option 1 comprises a full program and accommodates new planned greenfield growth for the years 2017 to 2022 inclusive. It should be noted that Option 1 would allow the reservation of allocation to lands within the Trafalgar Secondary Plan in advance of Secondary Plan approval by the Region. Further, potential appeals of the Trafalgar, Vision Georgetown and Evergreen Secondary Plans could impact the program delivery as could the outcome of the judicial review regarding the Trafalgar Road lands in Halton Hills. Despite these risks, Option 1, which was supported by the local municipal CAO's, was preferred as it provides Halton Hills with lake-based servicing and eliminates some of the uncertainties related to development charge collection arising from Bill 108. Further, Option 1 aligns the size of the program with the demand or interest expressed by the development community, although actual expressions of interest exceeded the size of the release contemplated by the program.

In order to gauge potential participation in the allocation program, the Region issued calls for expressions of interest to the development community over the fall of 2019. Developers were requested to complete a template which detailed the number of dwelling units by type for which allocation was being requested in accordance with two potential financial scenarios. The options report presented to Regional Council in November was based upon these expressions of interest.

Subsequently, the Region in consultation with the local municipalities, requested that developers confirm their expressions of interest based upon Option 1 as approved by Regional Council. The tables contained in Appendix 2 to this report reflect the confirmed numbers post Regional Council's approval of the program.

In order for the program to proceed, the Region now requires the endorsement of each of the local municipal Councils of the distribution of servicing allocation based upon the expressions of interest received.

Discussion

Interest in the allocation program in Milton has been expressed for lands within both the original HUSP Secondary Plan areas (Bristol, Sherwood and Boyne Surveys) as well as the Trafalgar Secondary Plan Area, as shown on the attached map. (see Appendix 1)

In summary, the expressions of interest received for participation in the 2020 Allocation Program for lands in Milton request a total of 8,410 SDE's in accordance with the following:

| Secondary Plan Area | Standard SDEs | High Density SDEs | Purpose-built/SC/SN SDEs ¹ | Total SDEs | Affordable Purpose-Built SDEs |
|------------------------------|---------------|-------------------|---------------------------------------|--------------|-------------------------------|
| Boyne Survey | 2,974 | 1,089 | 500 | 4,563 | 60 |
| Bristol Survey | 10 | 311 | 54 | 372 | - |
| Sherwood Survey ² | 554 | 155 | - | 709 | - |
| Trafalgar | 2,766 | - | - | 2,766 | - |
| Total SDEs Requested | 6,304 | 1,555 | 551 | 8,410 | 60 |

¹ Purpose-built rental, special care and special needs

² inclusive of Milton Heights

Within the Bristol Survey, expressions of interest relate to three separate properties including the Briarwood development previously approved by Town Council, located at the southeast corner of Regional Road 25 and Derry Road. The development of these sites is in conformity with the Secondary Plan, will support the completion of neighbourhoods and increase the supply and diversity of available housing types.

Within the Sherwood Survey, expressions of interest for allocation have been received for three infill development sites, all of which have been granted land use approval by Town Council. As with the sites in the Bristol Survey, the development of these sites supports the completion of neighbourhoods and adds to the supply and range of available housing options. In addition, expressions of interest have been received with respect to the majority of the developable lands in Milton Heights. This level of interest is significant in as much as it will allow Milton Heights to develop in a more comprehensive and co-ordinated manner.

It should be noted, however, that the Milton Heights subdivision applications remain before the LPAT and, with the exception of the first phase of the Royal Park North subdivision, draft plan approval has not yet issued. In order for these developments to utilize allocation from this program and achieve registration, the developers will be required to satisfy the conditions required by the OMB (now LPAT) prerequisite to the issuance of draft plan

The Corporation of the Town of Milton

Report #:
PD-004-20
Page 5 of 8

approval. They will also be required to revise the draft plans as necessary in order to satisfactorily address specific technical and design issues identified by the Town and its partner agencies. Further, as the original OMB decision was issued in 2014, in accordance with standard subdivision evaluation practices, it is appropriate that the conditions of draft plan approval be reviewed and updated/revised as may be required to ensure continued compliance with current municipal and agency by-laws and standards and to reflect any changes to the draft plans. Staff is currently working with the developers to resolve all outstanding matters so that development can proceed once the foregoing matters have been resolved.

Within the Boyne Survey, landowners have expressed interest in reserving 4,563 SDEs of allocation through the current program. These SDEs are located on lands which either participated in the previous program however require additional allocation to complete development or to new lands not part of the previous program. The expressions of interest in the current program together with the remaining, unutilized allocation (3,564 SDEs) allow for the build-out of the majority of the Boyne lands. This will support the completion of neighbourhoods, the unlocking of development on allocated but currently 'frozen' lands, road connectivity and the delivery of school and park sites to support these neighbourhoods.

Notably, there are two areas of the Boyne Survey for which expressions of interest have not been received, namely lands located south east of the intersection of Louis St Laurent Boulevard and Regional Road 25 and lands located at north west of the intersection of James Snow Parkway and Britannia Road. In the case of the former site, the landowner is proceeding with the retail development component of the Secondary Mixed Use Node. In the case of the latter site, 200 acres of land are owned by a non-participating owner. This, in turn, impacts the development of the adjacent 100 acres of land.

It is significant to note that the expressions of interest received provide for a better distribution of allocation among developers. While Mattamy Homes, as the largest single land owner in the Boyne Survey, will have reserved approximately 40 percent of the available allocation through the 2012 and current programs), other developers will also have reserved significant shares (Great Gulf Group of Companies - 17% and Fieldgate Developments 18%). In addition, there are 9 other developers interested in proceeding in the program. The Subwatershed Impact Studies (SIS's) have also now largely been finalized. In staff's opinion, despite the non-participation of certain lands, subject to normal subdivision evaluation and the completion of addenda to one of the SIS's, staff anticipates that the increased number of participating land owners will support the development of the balance of the Boyne lands in a more consistent and predictable manner.

Finally, expressions of interest have been received from three land owners within the first phase of the Trafalgar Secondary Plan. Development in the Trafalgar corridor, in accordance with Regional phasing, cannot commence until 2021. This timing will, however, allow staff to work with our Regional peers to finalize the approval of the

The Corporation of the Town of Milton

Report #:
PD-004-20
Page 6 of 8

Secondary Plan, complete the required tertiary plan as well as undertake a detailed Fiscal Impact Study. While approval of the Secondary Plan by the Region of Halton is pending, staff recommends the reservation of allocation by these developers for a number of reasons. Most importantly, it will ensure the availability of developable land in Milton during the latter part of the program. Secondly, the number of SDEs (2,766 SDEs) requested is sufficient to support the amount of subdivision development that can realistically occur within the current allocation program in accordance with Regional phasing.

In addition to the expressions of interest received, it is important to note that the Region has designed the program such that allocation can be made available for residential development required to support key community development priorities. In Milton's case, these key community developments include the advancement of a post-secondary institutional presence in the Milton Education Village and the proposed GO Station at Derry and Trafalgar Roads.

Further, there are 3,864 SDEs reserved for lands in Milton from previous programs which remain unused for a variety of reasons, the majority of which are either largely resolved or will be resolved as a result of the release of the new program. As a result, with the approval of the current program, a combined total of 12,274 SDEs will be available to support the achievement of the Town's development objectives. This amount of development is exclusive of infill and intensification development within the built boundary.

In conclusion, the expressions of interest received support the achievement of a number of important priorities for the Town. They support the co-ordinated and comprehensive build out of the majority of Milton Heights and the Boyne Survey, the construction of a number of Council-approved infill projects, an increase in the supply and diversity of housing types and the delivery of parks, schools and important infrastructure to complete these neighbourhoods. As previously noted, given the duration of the program, the level of interest in the program and the participation by a greater number of landowners, Council endorsement of the requested distribution will support more predictable and consistent rates of development and provide the Town with greater flexibility as well as a continuous supply of developable land.

In this regard, it is significant to note that a number of the infill projects together with developments in the Boyne Survey will be able to proceed immediately while development in Milton Heights and in the Trafalgar Secondary Plan will proceed later in the program as the conditions prerequisite to development are satisfied.

Based on the foregoing, staff recommends that Council endorses the distribution of servicing allocation through the 2020 Regional Allocation Program to the lands shown on the map attached as Appendix 1 and to the landowners/developers listed on the Tables in Appendix 2 to this report.

The Corporation of the Town of Milton

PD-004-20
Page 7 of 8

Financial Impact

The 2020 Regional Allocation Program, as outlined in the report, when combined with the units remaining in the 2012 Allocation Program, is envisioned to accommodate six (6) years of residential growth in Milton and generally aligns with the forecasted units used to develop the 2020 Approved Budget for the HUSP area. The Town's budget and forecast does not yet reflect units in the Sustainable Halton Lands pending the completion of the detailed fiscal impact studies for that area. Furthermore, Regional Allocation Programs only address residential growth in prescribed growth areas, including the HUSP and Sustainable Halton areas. Residential growth in the existing urban boundary as well as industrial, commercial and institutional development can proceed without the requirement for allocation through an approved program. The 2020 Allocation Program provides for a more diversified distribution of allocation among developers and this, combined with the advancement of the SIS's within the Boyne Survey, should provide greater continuity and predictability of residential development targets for the Town.

Of the total 2020 Allocation Program, 5,644 SDEs are within the Boyne, Sherwood, and Bristol Survey Secondary Plan Areas respectively, where financial plans and agreements are in place to allow development to proceed in a fiscally responsible manner. Units requested within the Trafalgar Secondary Plan represent 2,766 SDEs. The Trafalgar Secondary Plan is awaiting Regional approval along with the completion of a Tertiary Plan and associated fiscal impact analysis by the Town. Language within the Trafalgar Secondary Plan restricts these units from development until such time as Town Council endorses a detailed Tertiary Plan, fiscal impact analysis and development charges by-law that incorporates the Area.

The most recent comprehensive fiscal impact study presented to Council through CORS-062-17 was the first study to incorporate the development of the Sustainable Halton Lands and suggested that for the period 2017 to 2036, a town-wide capital investment of \$2.0 billion would be required as well as average annual tax rate increases of 5.26%. The study assumed the expansion of existing service levels to new growth areas and was prepared based on preliminary information available in the early stages of the planning process. The 5.26% projected tax rate increase is required to support overall growth in the community and is not necessarily reflective of the units requested through the 2020 Allocation Program as the densities and types of development as well as the capital investments and extent of non-residential development activity all influence the financial pressures on tax rates.

As previously reported to Council through CORS-035-19 and CORS-047-19, the Provincial Government has released Bill 108: More Homes, More Choice Act, which removed "soft services", such as recreation, parks and libraries, from the Development Charges Act, 1997 as well as parkland dedication and Section 37 bonusing from the Planning Act. In addition, Bill 108 introduced a new Community Benefit Charge (CBC) under the Planning Act. The Bill also introduced development charge rate freezing and

The Corporation of the Town of Milton

Report #:
PD-004-20
Page 8 of 8

installment payments for certain types of development. The Province maintains the legislation is intended to remain revenue neutral for municipalities; however, the formula for the CBC has not yet been released and as such, the financial implications for Milton from Bill 108 have yet to be determined. It is anticipated Bill 108 will be in full force and effect by January 1, 2021, and as such, many of the units requested through the 2020 Allocation Program will be impacted by the legislative changes. Staff continues to monitor the progression of the legislation and will incorporate the impacts into future fiscal impact analyses.

Respectfully submitted,

Barbara Koopmans, MPA, MCIP, RPP, CMO
Commissioner, Planning and Development

COUNCIL RESOLUTION

Res: 2020.01. 23

Wednesday, January 15, 2020

Moved by:

Seconded by:

THAT Conservation Authorities have been protecting people and conserving and restoring watersheds with local communities for over 50 years; and

THAT Municipalities must work together to ensure resilient and healthy watersheds for residents; and

THAT Conservation Authorities will be important partners in concrete and cost-effective initiatives to address climate change.

THEREFORE IT BE RESOLVED THAT the Council of the Municipality of Dutton Dunwich supports the important role Conservation Authorities provide to local communities in delivering watershed management programs

AND THAT this resolution be circulated to all upper and lower-tier municipalities, Conservation Authorities and the Provincial Government (Minister of Environment, Conservation and Parks) in Ontario

| <u>Recorded Vote</u> | <u>Yeas</u> | <u>Nays</u> |

January 15, 2020

Mr. Jamie McGarvey, President
Association of Municipalities of Ontario
200 University Ave., Suite 801
Toronto, Ontario M5H 3C6

RE: Resolution – Conservation Authorities

Dear Mr. Jamie McGarvey:

This letter will serve to advise that at a meeting of City of Quinte West Council held on January 13, 2020 Council passed the following resolution:

Moved by Cassidy
Seconded by Alyea

Whereas the City of Quinte West has been well served by both the Lower Trent Conservation Authority and the Quinte Conservation Authority and

Whereas we have working service agreements with both Authorities and

Whereas we value the efforts of the Conservation Authorities to monitor floods, to manage source water protection and to ensure the integrity of the watersheds within our municipality and conserve our natural environment and

Whereas the current Provincial government is reviewing the mandate and potential funding to Conservation Authorities

Be it resolved that the City of Quinte West requests that the Provincial Government improve their funding of Conservation Authorities to provide a more stable funding base that would prevent any downloading of costs to municipalities

And further that the Provincial Government will maintain and not diminish the core mandate of Conservation Authorities

And further that we forward this motion to the Minister of Environment, Conservation and Parks, the Minister of Natural Resources, the Premier, the Leaders of all opposition parties, all of our local municipal partners, and AMO to seek their support and concurrence. **Carried**

We trust that you will give favourable consideration to this request.

Sincerely,

CITY OF QUINTE WEST

A handwritten signature in black ink, appearing to read "Jim Harrison", with a stylized, flowing script.

Jim Harrison
Mayor

To: All Ontario Municipalities

Re: Ontario Power Generation's Deep Geologic Repository Project

At its meeting held on January 20, 2020, Sarnia City Council considered the attached motion submitted by Councillor Margaret Bird with respect to the proposed Deep Geological Repository Project and adopted the following resolution:

That Sarnia City Council support the halting of the construction of the Deep Geological Repository, in the Bruce Peninsular, so that less dangerous solutions can be found for the longer storage of nuclear waste; and

That Sarnia City Council instruct the Sarnia City Clerk to notify all 444 Ontario Municipalities, through AMO, by January 24th., 2020, of our objective; and

That the Sarnia City Clerk send a copy of our resolution to the County of Lambton Clerk, along with all the County Councillors, asking for their endorsement.

Sarnia City Council respectfully seeks your endorsement of this resolution. If your municipal council endorses this resolution, we would request that a copy of the resolution be forwarded to the following:

Honourable Jonathan Wilkinson, Minister of the Environment and Climate Change
ec.ministre-minister.ec@canada.ca; and

City of Sarnia, City Clerk's Office
clerks@sarnia.ca

Sincerely,

Dianne Gould-Brown
City Clerk

Attachment: Motion submitted by Councillor Margaret Bird

MOTION

I am asking for:

a) An urgent resolution of Council to support the halting of the construction of the Deep Geological Repository, in the Bruce Peninsular, so that less dangerous solutions can be found for the longer storage of nuclear waste.

b) To instruct the Sarnia City Clerk to notify all 444 Ontario Municipalities, through AMO, by January 24th., 2020, of our objective.

b) For the Sarnia City Clerk to send a copy of our resolution to the County of Lambton Clerk, along with all the County Councillors, asking for their endorsement.

If you have any questions, please do not hesitate to contact me.

Many thanks.

Kind Regards,

Councillor Bird

Subject: Strathroy-Caradoc Regular Council Meeting January 20, 2020 - Approval of Resolution LTVC - Watershed Management Programs

Please be advised the following resolution sent to member municipalities of the Lower Thames Valley Conservation Authority, was presented for consideration by Council at their regular meeting of Monday, January 20, 2020 and approved as follows:

Moved by Councillors Brennan and Kennes:

WHEREAS Conservation Authorities have been protecting people and conserving and restoring watersheds with local communities for over 50 years; and

WHEREAS Municipalities must work together to ensure resilient and healthy watersheds for residents, and

WHEREAS Conservation Authorities will be important partners in concrete and cost-effective initiatives to address climate change,

THEREFORE BE IT RESOLVED THAT: the Municipality of Strathroy-Caradoc supports the important role Conservation Authorities provide to local communities in delivering watershed management programs; and that this resolution be circulated to Municipalities, Conservation Authorities and the Provincial Government (Minister of Environment, Conservation and Parks), in Ontario. **Carried.**

Subject: Resolution - Environmental Awareness and Action

Good afternoon,

The Town Orangeville passed the following resolution at its January 13, 2020 Council meeting:

13.1 Councillor Peters – Environmental Awareness and Action

Resolution 2020-14

Moved by Councillor Peters
Seconded by Councillor Post

That the Town of Orangeville supports continuation of the programs and services of the CVC, both mandatory and non-mandatory, and that no programs or services of the CVC or other CAs in Ontario be “wound down” at this time; and

That the Minister of the Environment, Conservation, and Parks give clear direction as to what programs and services are considered mandatory and non-mandatory and how those programs will be funded in the future; and

That the Minister of the Environment, Conservation, and Parks recognizes the strong and positive Provincial role Conservation Authorities (CAs) play in flood risk reduction programs and reinstates funding to the CAs of Ontario; and

That this resolution be forwarded to the Minister of the Environment, Conservation, and Parks, Premier Doug Ford, MPP Sylvia Jones, the Association of Municipalities of Ontario, the Credit Valley Conservation Authority, Conservation Ontario, and all Ontario municipalities.

Carried.

Regards,

Tracy Macdonald | Assistant Clerk | Corporate Services
