

2020 FOCUSED ANALYSIS AREA (FAA)

**Purple Area**

The 2019 Focused Analysis Area (FAA) that was presented at PIC #2 was in draft format and has since been refined following a review of feedback and other relevant data. The refined 2020 FAA (**purple area**) is a zone that surrounds the Preferred Route and defines which properties continue to be within an area of interest as the study progresses. Properties located within the 2020 FAA could be directly impacted by the GTA West multimodal transportation corridor, ancillary uses, or if refinements are made to the route during the preliminary design stage.

Green Areas

MTO has a reduced interest in properties located in the green areas on the map. Applications can proceed through municipal development processes and MTO will continue to review all development applications in the study area, but it is anticipated that applications in the green areas will not be impacted by the GTA West multimodal transportation corridor. The Project Team aims to further reduce the FAA when the preliminary design of the Preferred Route is presented at PIC #3.
